(*iv*) No allegation that an application form or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

5. **Nomination.**—The heads of Colleges, the Registrars of the Calcutta and Dacca Universities and the Director of Public Instruction, Bengal, shall forward to the Secretary, Public Service Commission, Bengal, before the 25th August 1941, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character,

of each candidate so nominated. The applications of non-collegiate students nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in paragraph 3 above. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service and four lists should be made separately for the four different categories of (1) Muslims, (2) Scheduled Castes, (3) Minority Communities and (4) Hindus. Care should be taken to nominate only such candidates as are likely to pass the medical examination since experience shows that a considerable number of candidates successful in the literary examination fail to pass the medical test.

6. **Selection certificates.**—The Public Service Commission will issue certificates of selection to such a number of the nominated candidates as they consider desirable. The selection or rejection of a candidate by the Commission shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

In making their selection the Public Service Commission will have consideration to the resolution of Government fixing the communal ratio according to which all appointments to Government services will be made.

7. **Particulars of candidates.**—The Public Service Commission may require such further proof or particulars from the candidates as they may consider necessary, and may make enquiries regarding their character and domicile.

8. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit into a Government treasury in Bengal or Reserve Bank of India, Calcutta, a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary, Public Service Commission, Bengal. Under no circumstances will the fee paid be refunded. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time-table for the examination. The examination will be held in February 1942 at Calcutta. The dates and place of the examination will be communicated to the candidates separately.

9. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

10. **Disclosure of identity.**—Candidates should not write their names or roll numbers anywhere except in the space provided for the purpose on the answer books. Any paper containing a mark or a hint revealing the identity of a candidate will be rejected without further scrutiny.

11. **Ineligibility of Government servants.**—No person holding a substantive appointment in Government service or an appointment on probation against a substantive vacancy under Government will ordinarily be eligible to appear at the competitive examination. Persons holding purely temporary posts under Government should submit their applications in the manner prescribed in paragraph 4 above.

12. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syallabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment, candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below :—

(*i*) Bengali, (*iii*) Urdu,

(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which thare is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

13. **Medical Examination.**—As soon as the results of the examinations are ready, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

14. **Availability of old question papers.**—These question papers may be purchased from the Book Depot, Writers' Buildings, Calcutta, or from the Publication Branch, Bengal Government Press, Alipore, at Re. 1 for a complete set of questions for one year.

"Ad-interim" Reports.	
3. The points involving irregularity, impropriety, loss or waste referred to in paragraphs 29 and 34 of this report were brought to the notice of the Corporation and of Government in *ad-interim* reports under Section 122 (a), (aa) and (d) of the Act. These were still under the consideration of the Corporation when the audit closed.	PARA 3.—No remarks.
Notice of Surcharge.	
4 (a) As reported in para 8 of the last audit report, a notice of surcharge under Section 123-B (1) of the Act was served on the official concerned for an explanation why the amount of loss mentioned in para 21 of that report should not be recovered from him. The explanation furnished on the subject is under examination. (b) Notices under Section 123-B (1) were also served in connection with the points mentioned in paragraphs 31 and 33. Replies were not received when this report issued.	PARA 4.—No remarks
Delay in submission of Annual Accounts.	
5. Under Rule 3 of the Statutory Rules regarding Audit of the Accounts of the Calcutta Corporation promulgated in Government Notification No. 2986-M dated the 10th May, 1935 the annual accounts of the Corporation for each financial year are due to be completed and submitted for audit not later than the first day of October of the next financial year. The submission of the annual accounts for the year 1934-35 was delayed by 4 months. The delay, however, was much less than in the previous year, the accounts for the year 1933-34 having been submitted on the 20th May, 1935.	PARA 5.—The Chief Accountant reports:— Every attempt is always made to close the Annual Accounts as early as possible and as a matter of fact the portion of the work so far as it can be done by the Accounts Department independently, *i.e.*, without waiting for the figures from other departments is always finished before the 1st October. It was however not possible to close the Accounts finally within the prescribed time during the year in question inasmuch as the relevant figures were not available from the Assessment, the Collection and the Law Departments owing to inordinately large number of bills outstanding with them. As a result of vigorous steps taken for the purpose the Accounts for 1934-35 were finally closed on the 30th November, 1935, and the Accounts for 1935-36 were closed by the due date, *viz.*, 30th September.
Delay in the disposal of previous Audit Reports.	
6. It was pointed out in para 5 of the Audit Report for the year 1933-34 that no reply had been received on any of the following audit reports:— (i) Audit report for the year 1930-31 issued on 4th July, 1932. (ii) Audit report for the year 1931-32 issued on 12th July, 1933. (iii) Audit report for the year 1932-33 issued on 17th December, 1934.	PARA 6.—The Chief Accountant reports:— All the reports have since been disposed of by the Corporation. The Test Audit Notes are now engaging attention. The unsettled points of the Audit Report for 1929-30 refer to the further remarks of the Accountant-General, Bengal on the replies furnished by the Corporation to certain paragraphs of the original report. This question has been

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Although five months have since elapsed the position as regards these reports remains unaltered, no reply having yet been received in respect of any of the above. Requisite action also remains to be taken on some points raised in the Audit Report for 1929-30.	dealt with in our reply to Para 6 of Part I of the Audit Report for 1933-34 which is reproduced below :— "The Accountant-General, Bengal's further remarks have reference to 95 paragraphs of the original report, out of which replies to 45 paragraphs have already been sent to the Accountant-General, as per Chief Executive Officer's letters Nos. S-5281 and S-4545 dated 21st December, 1934 and 18th November, 1935, respectively. We were about to despatch another batch of replies when the Examiner of Local Accounts, Bengal, enquired in his letter No. LA-2217 dated 4th March, 1936, if the replies to the further remarks, *i.e.*, to the 45 paragraphs previously sent had been approved by the Corporation. This enquiry creates an awkward position. The replies to the original reports are placed before the Corporation through the Finance Committee. The Corporation accepts the replies in some cases or gives directions or makes reservations in the form of resolutions in others. These resolutions are duly communicated to the Accountant-General, Bengal. Replies to the further remarks and subsequent remarks of the Accountant-General are furnished by the Chief Executive Officer. The implication in the enquiry of the Examiner, Local Accounts, would involve an interminable increase of work and would create a deadlock. The Examiner was written to on this point as per Chief Executive Officer's Letter No. S-353, dated the 21st April, 1936. Pending settlement of this question it is not possible to send replies to the remaining paragraphs. In reply to a special query of the Superintendent, Government Audit regarding para 39 of the Audit Report for the year in question, I suggested to him in my note dated 5th September, 1936, that when there is a disagreement between the Auditors and the Corporation on some general questions, it would make for effective settlement, if the same questions are raised in a subsequent audit report pointing out why the Auditors cannot agree with the Corporation and insisting upon action being taken in accordance with their views. I pointed out that it would be impossible in practice to take these matters piece-meal to the Corporation, *i.e.*, as each arises in the course of correspondence. An enquiry was subsequently made of the Superintendent on 6th November, 1936, if the above suggestion was accepted by him and if we were to take any further action on the Audit Report for 1929-30. As per his note dated 11th November, 1936, the Superintendent Government Audit stated as follows :— "A proposal has been made to the Government on the lines indicated by the Chief Accountant and it is intended to deal with the undisposed-of general questions in future audit reports where necessary. Pending receipt of any further orders, action may be taken on cases (a) where orders of Corporation or Government have already been issued and (b) where the Chief Accountant considers necessary."

On 31st March, 1934	36,231	0	0
On 31st March, 1935	14,021	12	0

The above statement shows that there was some improvement in the figure for outstanding cheques at the end of the year under report.

PARA 11 (a).—No remarks.

(b) Out of the amount of Rs. 14,021-12-0 on account of dishonoured cheques outstanding on the 31st March, 1935, a sum of Rs. 11,768-4-3 was adjusted during the year 1935-36, leaving a balance of Rs. 2,253-7-9 an analysis of which is given below :—

PARA 11 (b).—The Chief Accountant reports :—
A further amount of Rs. 84-4-6 has since been adjusted.

Cash in hand (with the Treasurer.)

12. The amount of cash in the hands of the Treasurer on the 31st March, 1935 as per his cash book was Rs. 10,36,206-8-7½ but in the cash book of the municipal fund maintained by the Accounts Department it was shown as Rs. 16,39,489-14-9½. The discrepancy is explained as shown below :—

	Rs.	A.	P.

(c) Commission on cheques charged by the bank remaining unadjusted on the 31st March 1935 ...	42	10	6

PARA 12.—The Chief Accountant reports :—

(a) This point was explained to Government in connection with the Audit Report for the year 1928-29 and has also been dealt with in our reply to Para 7 of the Audit Report for 1930-31. I have nothing further to add. Government in letter No. 131 T.M. dated 6th October, 1936, states that for the purpose of correct accounting these amounts should not be shown in the accounts of the previous year. In my opinion the view taken by Government is not correct and we should continue our practice.

(b) Here, too, the outstanding amount of Rs. 75,206-4-6 was considerably reduced during 1935-36, the amount outstanding on 31st March, 1936, being Rs 1,284-0-9 only. A further amount of Rs. 384-4-3 also has since been adjusted.

It remains now for the Corporation to give effect to these orders. The Chief Accountant reports :— PARA 12.—This relates to the method of accounting for the morning collection of the 1st April. This question has been further dealt with in our replies to para 9 of the Audit Report for 1935-36 which are reproduced below along with the recommendations of the Finance Standing Committee dated 28th March, 1938, for ready reference and it is expected that the Government may be pleased to reconsider the decision previously given by them in the matter. "As regards the inclusion of the morning collection of the 1st April, 1936, in the Municipal Cash Book on the 31st March,	2(1) PARA 12.—Cash in hand (with the Treasurer). The inclusion of item (a) in the Municipal Cash Book is not correct. The point was raised in a previous report and Government orders thereon are awaited.

Item (c) has since been completely adjusted. Out of the amount shown against item (b), a sum of Rs. 1,284-0-9 remained unadjusted at the end of March, 1936. Some of the cheques included in this unadjusted balance were received as far back as 1930 and all of them are now outstanding for not less than 3 years. As regards item (d), the difference of 2 pies still remained to be adjusted on the 31st March, 1936.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per letter No. 530 M, dated 6th April, 1940.
		1936, my replies to para 12(a) of the Audit Report for 1934-35 are quoted below for reference. This point was explained to Government in connection with the Audit Report for the year 1928-29 and has also been dealt with in our reply to para 7 of the Audit Report for 1930-31. I have nothing further to add. Government in letter No. 131 T. M. dated the 6th October, 1936, states that for the purpose of correct accounting these amounts should not be shown in the accounts of the previous year. In my opinion the view taken by Government is not correct and we should continue our practice." The Chief Executive Officer was pleased to observe as follows in this connection :— "Whatever be the contention of the Auditors our method of treatment is perfectly in order and the procedure suggested by them is wrong and cannot be accepted. The sums realised by the staff before the 1st of April of any year, although not actually lodged in the Treasurer's room are still amounts realised within the year." In reply to para 7 of the Audit Report for 1930-31, I have already stated that there is no objection to add a note that a certain amount included in the collections shown in the accounts was not actually in the hands of the Treasurer although it was collected within the year. The Treasurer's Cash Book shows the amount quite distinct from the rest. This ought reasonably to satisfy the Auditors." The Finance Standing Committee at their meeting dated the 28th March, 1938, recommended as follows :— "That the Committee agree with the views expressed by the Chief Accountant and the Chief Executive Officer that the sums realised by various officers of the Corporation on or before 31st March, but not actually lodged in the Treasury within the financial year should be reckoned as amounts realised within the year and that the existing practice should continue." The Chief Accountant further reports on 29th August, 1938) :— The above resolution was confirmed by the Corporation on 25th May, 1938. Copies of the resolution passed by the Corporation regarding the Audit Report for 1935-36 were sent to Government and to the Accountant-General, Bengal, as per the Chief Executive Officer's letters Nos. S. 2289 and S. 2290 dated the 25th June, 1938).

The entire amount of Rs. 39,56,024 has been shown on the assets side of the Balance Sheet of the Corporation as on 31st March, 1936. It is found that some items are outstanding for a very long time (vide statement A attached to this report) and their recovery seems more or less doubtful. A scrutiny should be made of the outstanding items and those which appear to be bad debts should be excluded from the Balance Sheet.

Value of stock in the Workshop.

14. The following table compares for 3 years ending 31st March 1935 (a) the value of unfinished items of work at the Corporation Workshop, and (b) value of manufactured articles which remained to be debited to the works concerned at the end of the respective years.

The position as regards the adjustment of manufactured articles shows definite improvement. There is, however, room for further improvement.

Replies of the Departmental replies and Chief Accountant's remarks.

PARA 13.—The Chief Accountant reports:—

The imprest advance shown against item 1 is a permanent advance and cannot be reduced. This should accordingly be left out of consideration. The temporary advances shown under item 3 are adjusted on raising of the loan. The Advances shown against items 2 and 4 came down on 31st March, 1936 to Rs. 1,65,000 and Rs. 34,000. The increase against item 5 is due to advance for repayment of loan. This will be adjusted in 1936-37.

Out of the 11 cases mentioned in Statement AI, two have already been adjusted, five were transferred to the Law Department and action is being taken in respect of the the rest. The cases mentioned in Statement AII have all been adjusted with the exception of the following:—

Serial No. 3.—Dr. B. C. Ghosh—Rs. 30.

The Secretary reports that Dr. Ghosh has been written to to submit an account.

Serial No. 5.—Executive Engineer, Water Works—Rs. 13,043-4-8.

These are all adjustable advances. The materials issued were for temporary filtered water connections, *e.g.*, in Bustees for prevention of epidemics. There is a proposal in a large number of cases to retain these temporary connections permanently and the advance will be adjusted as soon as the question is finally decided.

Serial No. 7.—Law Officer—Rs. 20.

The Chief Law Officer reports that this is not a case of the Collection Department as reported by the auditors but of the Survey Department and that the pleader concerned has been asked to submit an account.

The above resolution was confirmed by the Corporation on 8th June, 1938.

Heavy Outstanding rate bills.

17 (a) Statement C annexed to this report shows the demand, collection, remission, cancellation and the balance on acount of the consolidated rate for the last 4 years as shown in the accounts of the Corporation.

(b) The following comparative statement shows that the outstanding balance of rate bills rose in the course of 8 years from Rs. 9 lakhs to Rs. 44 lakhs at the end of March, 1935. Even as compared with the outstanding amount on 31st March, 1934 there was an increase of more than Rs. 7½ lakhs at the end of the year 1934-35.

The above increase is to a very large extent made up of bills regarding the C. I. T. properties revalued under Section 128, and the E. B. Railway properties, besides the bills for the Bengal Council

Auditors' Report.

(c) Of the balances outstanding on the 31st March, 1935 the arrears on account of the previous and current years are as shown below :—

Department.	Previous years.	1934-35.	Total.
Collection ...	5,19,367	11,21,574	16,40,941
Law	13,69,593	.....	13,69,593

			44,49,090

The collections in the year under review on account of current demands made by the Collection department amounted to 87·4 per cent. of the total net realisable demand for the year. As regards arrears, their collections amounted to 55·2 per cent. of the net realisable amount. Taking the arrear and current demands together, the collections referred to above represent approximately a percentage of 83·6 The figures show a deterioration in efficiency of collection as the corresponding percentages for the year 1933-34 were 89·5, 62·6 and 86·1. No analysis of collections made by the Law Department is available and the percentage figures for arrear and current demands dealt with in that department cannot be worked out separately. The collections amounted to about 9·9 per cent. of the total demands pending with that department during the year under review. The corresponding figure for the previous year was 6.

Delay in the verification of outstanding bills.

18. The statement of rate bills outstanding at the end of the 3rd quarter of 1934-35 was checked by the Accounts Department in the 4th quarter of that year, but the report on the verification of the total of outstanding bills with the account balance issued as late as the 30th September, 1935. This was due to delay in the completion of the collection accounts, which caused delay in taking up the comparison of the outstanding items in the demand register with the outstanding bills. A long time had therefore to elapse before it could be ascertained whether all outstanding bills due from bailiffs had been produced for verification or not. The collection accounts even for the 1st Quarter of 1934-35 were not ready, when that year ended. The abnormal delay was commented on in paragraph 10 (d) of the Test Audit Note for the year 1932-33, but the delay continues with the result that no prompt detection of any defalcation is possible.

It will be seen from the above that more than three-fourths of the increase is covered by the few premises noted above. These bills barring those for the Bengal Council Chamber and the Canals have been mostly disposed of since and the outstanding amount reduced considerably.

The Chief Law Officer reports :—

The same reply as against Para 28.

Para 18. The Collector reports :—

It is a fact that there was delay in submitting the account for 1934-35. This was due to huge outstanding of bills numbering about 1¼ lacs and want of sufficient hands to cope with the work. The Finance Committee directed to appoint required number of hands to pull up this accounting work. This was done and the situation has since improved so much so that the accounts for all the four quarters of 1935-36 were completed by the middle of September, 1936.

Corporation.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per their letter No. 530-M, dated 6th April, 1940.
The position regarding the quarterly submission of accounts was not very satisfactory owing to very heavy accumulation of bills. Special efforts were needed and this was done with the result that the Accounts for all the quarters of 1935-36 were completed by the middle of September, 1936.		*Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. LA. 3893, dated 16th February, 1938 to Government* :— Under Para 439 of the Assessment and Collection Manual, the report on the verification of outstanding bills is due to issue on the last day of each quarter. Taking the average for the 4 quarters of a year the average delay in 1935-36 after the due date was about 10 months. In 1936-37 the average was about 6½ months. Considerable further improvement is necessary in this matter. The Chief Accountant reports :— This relates to delay in the verification of outstanding bills. The report on the verification of outstanding bills is due to issue not on the last day of each quarter as stated by the Auditors but by the last day of the 1st month of the following quarter. The delay was due to heavy outstandings. There has been a reduction in the outstandings in the Assessment and the Collection Departments, but the contrary is the case with the Law Department, as it cannot cope with the amount transferred by the Collection Department year to year for realisation by suit.	2(4) PARA 18.—Delay in the verification of outstanding bills. Government agree with the Auditors that considerable further improvement is necessary in this matter.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Outstanding bills not produced during stock-taking.	
19. From the quarterly reports of the Chief Accountant on the results of the stock-taking of outstanding bills it is found that a large number of bills or receipts in lieu thereof was not produced on each occasion of stock-taking. No explanation for this was forthcoming and it did not appear that any action had been taken to stop the continuance of this irregularity. Rule 393 of the Assessment and Collection Manual contemplates the submission of explanation in every case of taxes remaining unrealised at the end of each quarter. This rule, however, is not being followed.	PARA 19.—The Collector reports :— Full explanation is always given on the report of the Chief Accountant every quarter about non-production of bills. It is true that Rule 393 of the Assessment and Collection Manual is not strictly followed every quarter in some of the Divisions mainly due to heavy outstanding as such scrutiny takes a very long time. However, this rule is strictly followed at the end of each year.
Defalcation by a Bailiff (F. C. Nag.)	
20 (a) (i) *Nature of defalcation* :—Out of the collections made during the 2nd and 3rd quarters of the year 1934-35 a sum of Rs. 5,617-11-9 was defalcated by a bailiff named Fatik Chandra Nag. The absence of this bailiff for days together after the 30th November, 1934 aroused suspicion and enquiries which were started in consequence led to the discovery of this defalcation. Out of the defalcated amount a sum of Rs. 5,289-15-9 has already been recovered from the Bailiff's security deposit, Provident Fund money and other sources, leaving a balance of Rs. 327-12 which still awaits adjustment by recovery or otherwise.	PARA 20 (a) (i)—The Collector reports :— Full amount defalcated by bailiff F. C. Nag including Rs. 327-12-0 was recovered from various sources. The latter sum, *viz.*, Rs. 327-12-0 relates to some disputed bills for which steps are being taken.
(ii) *Delay in discovery.*—The chief feature in this case of defalcation was the delay which occurred in its discovery. The defalcation started in the 1st week of August, 1934 and remained undetected till the 2nd week of December, 1934, *i.e.*, for more than 4 months. The fact that no further delay occurred was also not directly due to the vigilance on the part of the Supervising Officers of the Collection Department, but to the culprit's absenting himself for days together after the 30th November, 1934. If no such absence had occurred, it is likely that the defalcation would have remained undetected for a much longer time.	PARA 20 (a) (ii) & (iii) & (b), (c) & (d)—The absence of the bailiff no doubt was the main source of the discovery of the defalcation. It is true that had the rules for weekly stock-taking and verification of bailiff's accounts been followed strictly according to Manual, they might have provided further source of discovery. But it may be noted that in the present circumstances when there is a large number of outstanding bills to be accounted for, it is impossible for the department to complete accounts in the given time without absurdly increasing the staff. The policy now followed is to reduce the balance anyhow so that rules referred to in the Audit Report may be followed in a near future. It may not be out of place to mention that to follow each and every rule of the Manual without interfering with the main work of the department, *i.e.*, collection, is only practicable when the outstanding is nominal. Regarding receipts in lieu of bills granted by parties other than Government etc., the reason for such practice has been stated many times to the Government Auditors. It may be repeated that the practice cannot be done away with altogether without hampering the collection. It may be mentioned that a revised form for such receipts has been introduced at present.
(iii) *Rules not followed* (a).—Rule 436 of the Assessment and Collection Manual of the Corporation provides for a weekly stock-taking of bills outstanding with bailiffs by the inspectors. The Rule requires that each inspector should select at random the accounts of one of the bailiffs each week for the check of outstanding bills and was obviously designed to discourage temporary defalcation by Bailiffs as well as to prevent delay as far as possible in the discovery of defalcation which might have been committed. It appears that this rule was not followed and is not being followed at present.	
(b) Rules 420 etc., of the Assessment and Collection Manual provide for a complete verification of the outstanding bills with the bailiffs by the 10th of the month following each quarter. If the provision contained in these rules were followed the defalcation referred to above could have been detected earlier.	
(c) Under Rule 439 of the Assessment and Collection Manual, bailiffs are allowed to make over bills for inspection to Government Officers and produce receipts given by them in lieu of outstanding bills at the time of stock-taking. In other cases the production of such receipts is admissible only if the previous permission of the Deputy Executive Officer had been taken for the making over of bills for examination. This rule is not being strictly followed and a large number of unauthorised receipts are produced and accepted at each stock-taking. The departure from the procedure laid down in the manual facilitated the defalcation. It was found that out of the defalcated amounts, a sum of Rs. 2,758-4-9 for the 2nd quarter of 1934-35 was covered by 17 such unauthorised receipts, the bills in respect of which had already been paid by the parties concerned.	
(d) Steps should be taken to enforce the rigid observance of the rules referred to above.

The rule is generally followed and is strictly followed at the end of the year. The Collector has however been asked to follow the rule more strictly for the quarterly accounts as well.		*Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. LA. 3898, dated 16th February, 1938 to Government* :— PARA 19.—No remarks. Some improvement in the system is called for. I have asked the Collector to introduce a system of monthly stock-taking and verification of bailiff's accounts at random if he cannot have a weekly one.		*Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. LA. 3898, dated 16th February, 1938 to Government* :— PARA 20.—No remarks. Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.

Cancellation of rate bills amounting to Rs. 18,181-6-9 during 1934-35.

21 (a) 4897 rate bills amounting to Rs. 18,181-6-9 were cancelled by the Corporation at the meeting held on the 21st December, 1934 as irrecoverable under Section 213 of the Act. Out of the bills thus cancelled the major portion was stated to relate to vacant lands of which the owners could not be traced. In a certain number of cases, however, the cancelled bills related to occupier's share of the consolidated rate on premises. In these cases, too, the amounts had to be written off as the occupiers were not traceable. From a test check of some of the cases it appears that prompt action was not taken to effect recovery by the issue of warrants as enjoined in para 380 of the Assessment and Collection Manual and that in respect of some bills action was delayed by more than a year.

PARA 21.—The Collector reports:—

(a) Reason for cancellation in each case was fully stated in the Report. About delay in taking action on certain bills, a short report on each case is put up in our replies to Statement I.

(b) In one case, viz that of premises No. 144-3, Lower Chitpur Road, in respect of which the occupier's share of taxes for the quarters ending September, 1931 and June, 1932 amounting to Rs. 71-1-0 had to be written off, it appears that a creditor attached the movable properties of the occupier on the 23rd August, 1932 while the Corporation took no action till it was too late.

(b) *Re.* 144-3, Lower Chitpur Road.—In this case only two occupier's share bills each at Rs. 35-8-6 for 2nd quarter 1931-32 and 1st quarter 1932-33 were outstanding. The party promised payment of the first bill but put it off while paying latter bills. But as soon as he defaulted the bill ending June, 1932, Notices of Demand were served and Distress Warrant issued. In July the bills were kept for audit and the department went to execute warrants in August when it was found that against this party a creditor whose claim was about Rs. 1,500 obtained a decree and attached the moveables. Corporation Warrants could therefore not be executed. It is therefore not correct to say that Corporation took no action till it was too late.

Regarding the merit of the case it may be mentioned that the department thereafter applied to the Registrar of the Small Causes Court for appropriation of the outstanding bills from the surplus of the sale proceeds, but it was found that the sale yielded Rs. 114 only while the decree was for about Rs. 1,500.

The outstanding balance in respect of carriage and animals license fees on the 31st March, 1935 was Rs. 1,58,173 while the demand for the year was only Rs. 80,021 or in other words, the unrealised balance amounted to about 2 years' demand even after the Corporation's remitting or cancelling, during the year, dues amounting to one and half time the annual demand.

The particular case mentioned will rather prove that the Corporation was wise in allowing the party time and thereby gradually realising all bills except two aggregating Rs. 71-1-0 only. The position was that the party had not sufficient moveables for seizure. The Decree-holder obtained only Rs. 114 by distraining the goods while his decree was for Rs. 1,500).	2(5). Records prematurely destroyed.	
23. Demands for arrear license fees aggregating Rs. 2,59,750 relating to the period between April, 1925 and March, 1931 were written off as irrecoverable in two instalments, viz., Rs. 1,66,189-8 in January, 1935 and Rs. 93,560-8 in January, 1936.	PARA 23.—The License Officer reports :— There is no practice here to maintain separate cases for each outstanding demand and therefore proper record of action taken is not available. Work will increase enormously if such records are required to be kept for each case.
The papers relating to the demands were reported to have been destroyed before the write off. Without a verification whether proper and timely steps had been taken for realisation, it is not possible to certify to the correctness of the write off.	Papers reported to have been destroyed before the write-off were unimportant correspondences, etc., which were not considered sufficiently important to be maintained till the write-off.
MARKETS	
Heavy outstanding arrears against a Municipal Councillor.	
24 (a) Market stalls are given out on condition that the daily rent for the stall shall be paid in advance, but arrear rents amounting to Rs. 252 were found outstanding on the 31st March, 1935 from Haji Md. Akbar, a Councillor of the Corporation, in respect of stall No. C (old) 54 of Sir Stuart Hogg Market against a daily rent of annas twelve only. Rents for over 11 months were thus in arrear.	PARA 24.—The Superintendent, Sir Stuart Hogg Market reports :— Due to acute economic distress prevailing in the country a large number of stall-holders cannot pay rent daily and regularly now-a-days and the condition of payment of daily rent in advance has got to be relaxed to a certain extent. In the present case as soon as Haji Md. Akbar, a Councillor, fell in arrears the matter was duly reported to the authorities and to the Committee as well. Steps have always been taken to realise arrear rents according to the resolutions of the Public Utilities and Markets Committee of different dates. Now, he has been paying double rents to pay off all arrear dues as per resolution of the public. Utilities and Markets Committee dated 7th July, 1936. The total outstanding dues against these stalls including current demand for same are now (March, 1937) reduced to about Rs. 1,400.
(b) Similar heavy accumulation of arrear rents which amounted to Rs. 2,845-8 for periods from eleven to thirteen months was also noticed in respect of stalls Nos. 52, 53, 55, 57, 58, 59, 60, 67, 73 and 76 of the same block and of stall No. 11 in Block K. These appeared from the proceedings of the Public Utilities and Markets Committee dated 15th June, 1935 to have been rented out to the son, brother, nephew and other relatives of the Councillor. Barring one case (which was noticed in the Test Audit Notes for 1933-34 and in which the arrears have not yet been paid off) accumulation of arrears of this extent was limited to these cases only.	
(c) The matter came up before the Public Utilities and Markets Committee on 13th June, 1935. Haji Md. Akbar promised before the Committee to pay off the dues in respect of the stalls standing in his own name. This he has since done. With regard to the other stalls the Committee decided that usual action should be taken to realise the arrears. It appears that no warrants were executed but that the stall holders were allowed to pay off the arrears in instalments. The arrears outstanding on 31st March, 1935 were all cleared towards the end of 1935-36 but fresh arrears have accumulated for 1935-36 and these amounted to Rs. 1,482-4 on 31st March, 1936.	
(d) Apart from the above stalls, stalls No. A Shed 1-5 and C (old) 78 also under the control of Haji Md. Akbar had arrears on account of additional rent for electric charges. These amounted to Rs. 185-12 on 31st March, 1935 and rose to Rs. 456 on 31st March, 1936. Although the orders of the Public Utilities and Markets Committee referred to in the above paragraph applied equally to these arrears, no effective steps appear to have been taken to recover them.	
Park Circus Market.	
25 (a). The Park Circus Market was constructed by the Calcutta Improvement Trust from whom the Corporation took possession of the same on a perpetual lease with effect from June, 1930. During the year 1934-35 the Corporation paid rent of the market to the Calcutta Improvement Trust at Rs. 650 per month for the first three months and at Rs. 700 for the last 9 months. In para 30 of the Audit Report for 1933-34 it was suggested that the Improvement Trust might be requested to fix a lower rate of rent for the market in view of the recurring loss to the Corporation.	PARA 25.—A provision for raising a loan of Rs. 65,000 has been made in the Chief Executive Officer's Budget Estimates for 1937-38.

Irregular reduction of Ambulance charges.

26. In the case of some paying patients the Health Officer reduced the fees chargeable under rules 2A (i) and 2B (i) of the "Rules regulating the use of Motor Ambulance" although this was not admissible under the rules framed by the Corporation. The resulting loss amounted to Rs. 57-6-0. The amount should be made good by the Officer responsible for the irregular reduction.

Replies of the Departmental replies and Chief Accountant's remarks.

PARA 26.—The Health Officer reports :—

The sum of Rs. 57-6-0 appeared to be irrecoverable in eight cases as detailed in Statement II of the report and these were written off under orders of Deputy Executive Officer I on different dates, copies whereof were already furnished to the Government Auditors in connection with their query statements (Page Nos. 392, 393 and 511-515) of 1934-35.

According to the modified rules regulating the use of the Motor Ambulance as passed by the Corporation on the 17th June, 1936, the Health Officer is empowered to reduce or remit the fees chargeable under Rules 2A (i) and 2B (i) in special cases.

Miscellaneous Bills.

1, Hungerford Street.

27. The supply of unfiltered water to premises No. 1, Hungerford Street, was discontinued in 1927 and a sum of Rs. 1-14-3 remained outstanding on account of the supply up to that date. On 1st June, 1931, Mr. Bipin Behari Sadhukhan, a Councillor of the Corporation and owner of the above premises, applied for the restoration of the supply and undertook to pay the usual charges. The supply was restored on 2nd June, 1931 and continued till 16th February, 1934 when it was cut off. No payment was made in the meantime inspite of repeated demands and the total dues up to 15th February, 1934, amounted to Rs. 57-12-0 which is still outstanding. A portion of the demand has already become time-barred. Under the rules of the Corporation advance payment should be taken in respect of such supplies and the supply cut off on the first day of the quarter for which no such advance payment has been made. It is noticeable that not only was the advance payment not insisted upon before the supply was restored but the supply was continued against the rules for about 3 years. Effective steps have not yet been taken for realising the dues of the Corporation.

PARA 27.—The Executive Engineer, Water Works, reports :—

Councillor Babu Bepin Behari Sadkhan has paid Rs. 56 as per C. R. No. 2446 dated 17th August, 1936, from 2nd June, 1931 to 15th February, 1934, including arrears at Rs. 5 per quarter against our claim of Rs. 57-12-0. Separate case has been put up to Deputy Executive Officer I for cancellation of the restoration fee of Rs. 1-12-0.

		Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. LA. 3898, dated 16th February, 1938 to Government :— As the fees in question were payable in advance under the rules framed by the Corporation, their non-recovery constituted an unavoidable loss to the Corporation. The Auditors, however, have no further remarks to make as the Corporation have considered, the matter and decided to drop it. The Chief Accountant reports :— (PARA 26.—This relates to reduction of ambulance charges in the case of some paying patients. The drivers cannot, however, refuse to remove the patients if the fees are not prepaid. Such a course may lead to loss of lives.)

The Corporation appears to have failed to realise its dues for the supply of water from a Councillor of the Corporation within the time required by the rules. In this case, not only was advance payment of the dues not insisted upon strictly in accordance with the rules before restoration of the supply, but the supply was also continued against the rules for about three years in spite of non-payment of the dues. In the opinion of Government necessary instructions should be issued to the various departments of the Corporation, so that no such preferential treatment is accorded to any one, including Councillors of the Corporation without adequate reasons which should appear on the record.

Heavy Outstandings.

28 (a) The total demand, collection and the balance outstanding in respect of the rate bills as well as the miscellaneous bills in the hands of the Law Officer on the 31st March, 1935 are shown below:—

It would be seen from the above that the total outstandings in respect of rate bills and miscellaneous bills on the 31st March, 1935 was Rs. 14,25,815 against Rs 11,76,049 on the corresponding date of the previous year. The outstandings in the hands of the Law Officer have thus increased by about 2½ lakhs in the course of the year 1934-35. Out of the total amount of Rs. 14,25,815 only claims for Rs. 1,25,316 have been decreed and suits for Rs. 2,70,730 are pending in different courts leaving a balance of Rs. 10,29,769 for the realisation of which no suit was filed during 1934-35. On 31st March, 1935 bills to the extent of over 10 lakhs of which at least 6 lakhs pertain to the year 1933-34 and previous years awaited the institution of suits.

(b) Some of the outstanding items are very old. A case in which a decree was obtained in 1913 may be cited as an instance. Steps were not taken to ascertain the irrecoverable items and get them written off the books with the sanction of the Corporation.

Surrender of decretal claims.

29. Premises No. 83, Upper Chitpur Road formed part of a "Debuttar" estate of which Babu Harendra Krishna Seal was the Sebait. He mortgaged the premises to Babu Nando Lal Roy and another. The Corporation obtained the three marginally noted decrees for the recovery of owner's and occupier's share of consolidated rate bills in respect of the said premises. Further, rate bills for the second, third and fourth quarters of 1933-34 amounting to Rs. 3,755-4 were also outstanding.

Though the first of the decrees mentioned above was obtained in 1930, nothing was realised nor was the decree executed. It was stated that the property was in charge of a Receiver who could not make regular payment for paucity of funds. There

Replies of the Departmental replies and Chief Accountant's remarks.

PARA 28 (a).—The Chief Law Officer reports:—

The principal reason which accounts for the heavy outstanding in my hands is the transfer of inordinately heavy demands every year from the Collector beyond all proportions. On an examination of the figures it will be seen that during the year under consideration and the year previous thereto the Collector transferred aggregate amounts of Rs. 4,09,080-0-0 and Rs. 4,23,945-0-0 respectively as against Rs. 2,10,044-0-0 in the year preceding these years and that we realised Rs. 1,57,966-0-0 as against Rs. 75,625-0-0 in the previous year. The result is that although there has been a marked improvement in our collection it has not been able to keep pace with the annual transfer which has gone on increasing every year. It is needless to mention that unless and until our collection is brought ahead of the annual transfer, it cannot possibly be expected that the amount of outstandings will be reduced. Although we are making every possible effort in that behalf by raising our collections, such effort on our part is unfortunately being rendered fruitless by the ever-growing increase in the rate of annual transfers.

On the recommendations of the Law Department Re-Organisation Special Committee, an additional officer, (viz., 2nd Assistant Law Officer) has recently been appointed, *viz.*, in July, 1936. It is expected that there will be some appreciable improvement in the working of the Department after he has worked here for some time, say for at least six months. But however much we may make our efforts in this direction, we cannot expect to find an appreciable reduction in the outstandings unless the annual transfer by Collector is kept within certain limits to be fixed by the Corporation, for, as I have said in my report to the Law Department Special Committee, unless the rate of annual transfer from the Collection Department is controlled and kept within estimated limits, whatever staff may be given to this Department is in no time bound to prove inadequate to cope with the work.

PARA 28 (b).—I regret during the last few years the usual annual list for writing off irrecoverable items was not prepared and submitted to the Corporation. Steps have already been taken to get irrecoverable items written off with the sanction of the Corporation. Some have already been cancelled while others are pending final orders.

PARA 29.—The Chief Accountant reports:—

This question formed the subject matter of a special report under sections 122 (a) and 122 (aa) of the Act as per letter No. LA-1740 dated 23rd December, 1935, from the Joint Auditors to the Chief Executive Officer. The matter was duly placed before the Corporation, and the Corporation on 24th June, 1936, resolved as follows:—

"It appears that exception has been taken by the Auditors on the ground that the giving up of the claim for Rs. 6,490-14-6 on account of rates without recording the opinion that it had become irrecoverable is *ultra vires* of Section 213 of the Act. Section 213 has hardly any application in this case, as all that the Corporation purported to do by their resolution dated 29th March, 1935, to which exception has been taken was to compromise a claim made under the Act for which the Corporation have been advised they have ample powers under section 537 (c) of the Act. Accordingly no question of the Corporation recording the opinion that the amount let off was irrecoverable does arise. If having regard to all the facts and circumstances of the case, in particular to the various complications involved in the matter and to get in a lump quite a large sum of money, the claim in the suit was compromised and a

I do not think it will be possible to fix any arbitrary limit as suggested by the Law Officer. Auditors' Report.

was also delay in bringing the property to sale. Meanwhile the mortgagees (Babu Nanda Lal Roy and his partner) assigned their right to Mr. Pradyumna Kumar Mullick. He obtained a decree against the mortgagor and purchased the premises in auction sale.

It was stated that Mr. Mullick all along promised to settle the claim of the Corporation. But in a letter dated the 10th March, 1934 his solicitors wanted to know if the Corporation was prepared to forego the interest on the decretal amounts and the costs of the suits, and in a further letter dated the 21st March 1934 wrote that their client desired that the matter might be placed before the Estates and General Purposes Committee, where he would submit grounds for giving up a part of the principal. After a delay of more than 4 months the Estates and General Purposes Committee resolved on 2nd August 1934 that the claim including outstanding rate bills be settled if Mr. Mullick paid Rs. 40,490-14-6 and all out of pocket costs incurred by the Corporation and these terms were rectified by the Corporation in their meeting dated 22nd August 1934. But in place of Mr. Mullick, Babu H. K. Seal, had by mistake been invited to the Estates and General Purposes Committee and Mr. S. Md. Hossain and Babu Dhirendra Nath Ghose gave notices to the Estates and General Purposes Committee of a motion to rescind and reconsider the Corporation's resolutions. Consideration was postponed on the 27th August 1934 and again on the 18th September 1934 for a report from the Law Officer.

The Law Officer reported on the 25th September, 1934 that he did not see how Mr. Mullick could claim remission of the portion of the principal claim. The party however proposed that the Corporation should forego the whole of the occupier's share of the taxes. Consideration was postponed on the 12th November, 1934 and again on the 3rd December, 1934 for a further report on the legal position involved.

In the meeting of the Estates and General Purposes Committee held on the 18th December 1934 the Law Officer stated that subsequent to the sale the sons of Babu H. K. Seal had instituted a suit for a declaration that the property was *Debuttar*. In reply to questions the Law Officer further stated that he had sued Babu Harendra Krishna Seal as *Sebait* of the property, that the decretal amounts had been declared a first charge on the property and that supposing the property was declared *Debuttar* the Corporation's claim was safe. Mr Mullick who was present on this occasion pressed his points viz., that Mr. H. K. Seal allowed exorbitant assessment to be made of his premises, that he purchased the property at Rs. 2 lakhs against Rs. 2·45 lakhs due from Mr. Seal and that the occupier's share of the taxes should have been recovered by the Corporation from Mr Seal. None of these points appear to have been relevant but the Corporation re-affirmed their previous resolution of the 2nd August 1934 Again there was a motion for reconsideration, the mover (Mr. S. M. Yakub) certifying as follows:—

"In view of the small difference between the terms of the Corporation and the present owner of the premises and also in view of impending litigation over it, the case if reconsidered will be conducive to the interest of either side."

The Committee admitted the motion on the 28th January, 1935 and in the meeting held on the 11th March, 1935 resolved in modification of the Corporation resolution dated the 22nd August 1934 to recommend that the Corporation's claim for the three decrees of the outstanding bills up to the 4th quarter of 1933-34 be settled on Mr. Mullick paying the sum of Rs. 34,000 and Rs. 1,000 for all out of pocket expenses. The Corporation in their meeting dated the 29th March 1935 accepted this recommendation and the sum of Rs. 35,000 was paid by Mr. Mullick on the 31st March, 1935.

There is no record of any discussion either in the Committee or in the Corporation on the last occasion. The views contained in the certificate of the mover of the motion do not bear scrutiny. That the 'impending' suit would have no adverse effect on the Corporation's claim was established and accepted by the Committee on the 18th December 1934. The proceedings of the same

smaller sum accepted in full settlement thereof, the Corporation fail to see how exception can be taken to it by the Auditors. Although the claim might be safe, there is always an element of chance attending litigation, which cannot be overlooked.

In the circumstances the Corporation are of opinion that there has been no material irregularity or loss in the case as pointed out by the Auditors, and that in making such objection, they have questioned the statutory rights and powers of the Corporation to settle or compromise claims made under the Act as conferred by section 537 and have enunciated a principle which far from being in the interests of the ratepayers will really injure their interests and make speedy realisation of arrears impossible."

Copies of the above resolution were forwarded on 10th July, 1936, to the Secretary, Local Self-Government and the Joint Auditors as per the Chief Executive Officer's letters Nos. S-2113 and S-2114 respectively. The Examiner of Local Accounts as per his letter No. LA-1267, dated 7th August, 1936, has forwarded to the Chief Executive Officer a copy of the Accountant-General, Bengal's letter No. LA-1192 dated 30th July, 1936, to the Secretary, Local Self-Government. The concluding portion of the letter runs as follows:—

"The last line of the *ad-interim* report referred to above pointing out the incongruity of the terms of the surrender with the provisions of section 213 of the Act has on further examination been omitted from the para on the subject (*vide* para 29) as included in the final Audit Report issued under Section 122 (c) and forwarded to Government under endorsement No. LA-367A dated the 15th May, 1936. No comments are therefore necessary on the first sub-para of the Corporation resolution except that the sum of Rs. 6,490-14-9 referred to in the resolution represents the loss on account of the principal (consolidated rates) only. The total loss including costs and interest decreed by the Court amounted to about Rs. 15,552-0-0.

As regards the other points mentioned in the resolution, the Auditors hold that the case exhibited material impropriety and that the action taken by the Corporation caused loss. It will be seen that the amount foregone was large and that the claim was certified by the Law Officer of the Corporation to be safe.

The Auditors do not question the statutory rights and powers of the Corporation under section 537. At the same time, they are required under section 122 (a) and (aa) to report all cases in which they consider there has been either material irregularity or impropriety or loss or waste and this has to be done without reference to the nature and extent of powers which the Corporation may possess under the various sections of the Act."

		"(i) That the Committee find that there is an attempt on the part of the Auditors to encroach on the rights of the Corporation. The Corporation have absolute power under Section 537 of the Act to compromise suits or settle claims and in view of this, the Committee are of opinion that the objection raised by the Auditors is not justified. (ii) That on a review of the circumstances of the case, the Committee are of opinion that the decision arrived at by the Corporation was in their best interest." The Chief Accountant further reports on 29th August, 1938: The matter came up before the Finance Committee again in connection with the further remarks of the Accountant-General, Bengal, and the Examiner of Local Accounts on the above resolutions of the Corporation as per their letter No. LA/588, dated the 21st June, 1938. The Finance Committee on 15th August, 1938, resolved as follows:— That the claim in the suit was compromised in view of the various complications in the matter and that the compromise was in the best interests of the Corporation. The Corporation reiterate their view that there was no irregularity in this case and it is therefore absolutely outside the jurisdiction of the Auditors to pursue the matter further. That Section 537(c) of the Act does not make it obligatory on the Corporation to give their reasons for a compromise nor can all the *pros* and *cons* be recorded in each case." The above resolution was confirmed by the Corporation on 26th August, 1938.	

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Committee would further show that the amount due to the Corporation on the 31st March 1934 approximately stood as follows:—	

	Rs.
Principal decreed	36,735
Principal outstanding bills	3,755
	40,490
Cost (approximate)	1,500
Interest up to 31st March, 1934	6,268
Total	48,258

Adding to this the sum of Rs. 2,294 on account of further interest at 6 per cent. on the decretal amount, the Corporation claim on the 31st March 1935 would come to about Rs. 50,552. The acceptance of the amount of Rs. 35,000 only caused the loss of about Rs. 15,552. When the interest of the rate-payers in general is concerned, it is difficult to agree that the surrender of over 30 per cent. of a claim of over Rs. 50,000 makes a small difference. The claim was given up without a record of any opinion that the amount had become irrecoverable.

SECTION IV—EXPENDITURE.

Expenditure in excess of provision in the Budget.

30. In the cases mentioned in Statement D attached, though actual payments were restricted to the budget allotment in each case, the amount of liabilities incurred up to the end of the year exceeded the total of such allotments by Rs. 13,983-2-9 and this amount represents about 13·7 per cent of the total allotment of Rs. 1,01,880 under the heads of account concerned. The incurring of liabilities by the respective municipal officers involving expenditure in excess of the provision in the budget was contrary to the provisions of section 13 (a) of the Act. The amount of Rs. 13,983-2-9 is included as a liability in the balance sheet of the year 1934-35 and this inclusion is not supported by proper authority.

PARA 30.—The Chief Accountant reports:—
Section 13 (a) is not transgressed by incurring liabilities in excess of the budget provision. Such liabilities have all along been incurred from year to year and it is not clear why this point has been included in the Audit Report after so many decades although a similar reply was given to the auditors previously in their Query Statement.

COLLECTION DEPARTMENT.

Loss on account of premature execution of warrant.

31. Suit No. 516 of 1934 was instituted by Dr. Narendra Nath Mazumdar against the Corporation for executing a distress warrant on him before the expiry of the statutory period of 7 days from the date of service of the notice of demand, as required under Sections 190 and 191 of the Act. The suit was compromised under the order of the Chief Executive Officer by payment of Rs. 250 towards the costs incurred by the plaintiff in the suit, *vide* Cash Voucher No. 4477 dated the 7th June, 1934.

PARA 31.—The Collector reports:—
The case is still under investigation by the Accountant-General himself. It is not understood why this item has been included in the Audit Report before a final decision has been arrived at.

		Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. LA. 3898, dated 16th February, 1938 :— PARA 30.—The Auditors adhere to the view that the officers of the Corporation are debarred under Section 13 of the Act to incur liabilities in excess of the budget provision, whether such liabilities are proposed to be met within the year or not. The Chief Accountant reports :— PARA 30.—This relates to incurring liabilities in excess of the budget provision. The Chief Law Officer of the Corporation has expressed the following opinion :— "From a perusal of clauses (a) & (b) of Section 13 of the Act it is apparent that the legislature have made a distinction between incurring "expenditure" and incurring "liability". Clause (a) lays down that "Expenditure" so far as it is to be incurred *in the year* shall be provided under a budget-grant. It does not in my view put any restriction in so far as the question of merely incurring a *liability* is concerned."	2(9) PARA 30.—Expenditure in excess of provision in the Budget. In connection with this paragraph a controversy has been raised as to the powers of officers of the Corporation under Section 13 of the Calcutta Municipal Act, 1923, to incur liabilities in excess of the Budget provisions whether such liabilities are proposed to be met within the year or not. As the matter is of some importance, Government have taken legal opinion and are advised that the officers of the Corporation are competent under Section 13(a) to incur expenditure during the year up to the amount provided in the budget, but they have no power under section 13(b) to incur liability for the excess expenditure to be carried over to the following year without the sanction of the Corporation to incur such liability. As the seriousness of the irregularity arises from the high percentage which the liability carried forward bears to the average annual expenditure, the circumstances in which it was necessary to incur and carry forward any liability representing 25 or more per cent. of the annual budget estimate should be reported for the information of Government.
I do not quite see why this has been included in the report as the Accountant-General has already raised the question of surcharge and the matter is still under consideration by him.		*Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's letter No. LA. 3898, dated 16th February, 1938* :— PARA 31.—The matter was included in the report as all irregularities and losses noticed in audit have to be mentioned in the Audit Report on the accounts for the year to which they appertain. The question of surcharge has been dropped. The Chief Accountant reports.— PARA 31.—No remarks.

Refund of Motor Vehicles Tax to Corporation Officers.	
32. In accordance with Resolutions passed by the Corporation on 23rd March, 1933 and 20th September 1933 a sum of Rs. 1,700 approximately was spent by the Corporation during the year 1934-35 in reimbursing the amount of taxes paid by their officers in respect of vehicles maintained by them in the interest of the Corporation. As the resolutions referred to above were of a general nature, the sanction accorded thereby can only be treated as having been issued under Section 56B of the Calcutta Municipal Act, 1923. The concurrence of Government under Section 485 is therefore necessary. Either Government sanction should be obtained or fresh orders issued by the Corporation in each individual case under Section 51 (2). It may be mentioned that the Corporation have since decided to discontinue this concession (vide their resolution dated 12th June, 1935).	PARA 32.—The Chief Accountant reports:— This point was explained to the Government in the Chief Executive Officer's letter No. S-1418, dated 11th June, 1936. In connection with Para 22 (a) of the Audit Report for 1932-33, the Finance Committee on 18th September, 1936, passed the following resolution which was confirmed by the Corporation on 13th October, 1936:— "The Committee accept the departmental reply that since the various privileges enjoyed by Government servants have not been extended to the services of the Corporation, the license tax for motor cars, carriages and animals should be paid out of the funds of the Corporation as heretofore."

S.-G., dated the 11th December, 1936, and resolved as follows :— That the Committee agree with the Chief Accountant and the Chief Law Officer that those cases do not come under Section 56(b) of the Act but they come under Section 51(2) under which it is competent for the Corporation, in the one case to resolve that Corporation officers who are required to maintain motor cars, should as a class, have their motor car allowance increased by the amount of the Motor Vehicles Tax paid by them, and, in the other, to resolve fixing the salaries of Midwives at the several grades together with an allowance of Rs. 2 for each case delivered by them in excess of 15 cases per month and similarly in the case of rickshawmen, *and that when the salary and allowances are governed by Section 51(2) the question of a formal order in each officer's case individually does not arise.* The above resolution was confirmed by the Corporation on 8th July, 1938.	2(10) PARAS 32 & 34.—Refund of Motor Vehicle tax to Corporation officers and irregular payment to Midwives. on the 1st August 1932 before the Presidency and Municipal Magistrates (Districts I and II) in case No. 5612B of 1932. The accused did not put in an appearance whereupon a warrant of arrest was issued on 28th November 1932. He then pleaded that he had no connection or interest in the premises in question. The complainant Dr. S. C. Mallik, Sanitary Officer also deposing before the Court that the accused was not the owner, the accused was discharged on the 6th March, 1933. Babu Sarbaranjan Basak thereupon filed Suit No. 1217 of 1933 claiming damages for prosecution without due care or attention and for warrant of arrest though the plaintiff knew that he was not the owner of the premises. The case was ordered to be compromised by payment of Rs. 500 to the plaintiff (vide Chief Executive Officer's order in M. S. 173 of 1934-35 and the amount was paid on cash voucher 3565 dated the 25th May, 1934. Costs incurred in the 2 cases amounted to about Rs. 86-14-0. In the assessment register the name of the owner of the premises in question was shown as Sm. Bindubashini Dasi. Reasonable care should have been taken to ascertain if Babu Sarbaranjan Basak was really the owner before he was prosecuted as such. This was not done and loss to the Corporation was caused in the shape of costs and the payment to the plaintiff. The Sanitary Officer and the District Health Officer, District I appear to be responsible for the want of care in the prosecution of Babu Sarbaranjan Basak.	report dated 5th February, 1936. A reply was accordingly sent as per the Secretary's letter No. S-771 dated 6th May, 1936, to the Examiner. The matter is still under correspondence with the Government.
Irregular payments to midwives. 34. The Corporation at their meeting of the 14th March 1923 approved as an experimental measure for 6 months only the payment of an extra allowance or bonus to the midwives at the rate of Rs. 3 (in addition to the usual rickshaw coolie charges) for each maternity case in excess of 12 attended by them in any month. The payment continues to be made without fresh sanction of the Corporation under Section 56 and of the Local Government under Section 485 of the Act of 1923. The irregularity was pointed out in paragraph 17 of the Audit Report for 1932-33 but still remains unremedied.	PARA 34.—The Chief Accountant reports :— In reply to Para 17 of the Part I of the Audit Report for 1932-33, it has already been explained that these extra payments to the midwives are for attending to delivery cases in excess over the prescribed number. As such, they fall under section 51 (2) of the Act. It has been unhappily worded as "Bonus" instead of "Extra allowance". In the Budget the correct description "Extra allowance" is given under B. I. 76C (a) (iv). The Corporation on 24th August, 1936, confirmed the following resolution of the Finance Committee dated 27th July, 1936. (1) That the word "Bonus" appearing in the previous resolutions of the Corporation in connection with the grant of extra allowances to the midwives and Rickshawmen be substituted by the words "Extra allowance" and the said Corporation resolutions be recommended for modification accordingly. (2) That the rates of the extra allowance, viz., Rs. 3-0-0 to the Midwife and As. 0-4-0 to the Rickshawman for every case undertaken in excess of 12 in a month at which payments were made from 14th September, 1923, to 31st March, 1935, be recommended for sanction. (3) That payment of the extra allowance at the reduced rates, of Rs. 2-0-0 to the Midwife and As. 0-3-0 to the Rickshawman for every case undertaken in excess of 15 in a month be recommended for sanction with effect from the 1st April, 1935. The question formed the subject matter of a special report under section 122 (a) of the Act as per letter No. L. A. 1555 dated 30th November 1935, from the Joint Auditors to the Chief Executive Officer. A copy of the proceedings of the Finance Standing Committee dated 27th July, 1936, with a copy of the final resolution of the Corporation dated 24th August, 1936, was sent to the Superintendent, Government Audit by me on 3rd September, 1936, with a note that these should enable them to drop the previous objections on the matter and there should be no necessity for our entering into a detailed correspondence with the Government on the subject. I have not received any reply as yet (24th December, 1936). It is understood that the joint Auditors have referred the matter to Government stating that as the resolution virtually frames a rule, it comes under section 56 and must be sanctioned by Government under section 485. I do not agree. Section 485 cannot apply till the previous formalities for making rule have been gone through. The Auditors seem to think that Government can sanction anything even though the requirements of the Act have not been complied with. How audit can take such a view passes my understanding.

CALCUTTA MUNICIPAL GAZETTE.

Cost of service rendered by the Publication of the "Calcutta Municipal Gazette."

35. The total expenditure during 1934-35 on account of the "Calcutta Municipal Gazette" amounted to Rs. 41,876-8-9 while the total receipts during the year amounted to Rs. 32,377-14-0 only. The cost incurred by the Corporation thus amounted to Rs. 9,498-10-9 during the year 1934-35 on account of the "Municipal Gazette." A comparative statement of the receipts and expenditure in respect of the "Calcutta Municipal Gazette" for the last 4 years is given below from which it will appear that the income has always fallen short of the expenditure and that the gap has greatly widened during 1934-35.

	Receipts.	Expenditure.	Difference (Expenditure more).
	Rs.	Rs.	Rs.
1931-1932	34,595	41,962	7,367
1932-1933	33,240	39,873	6,633
1933-1934 ...	37,733	42,831	5,098
1934-1935	32,378	41,877	9,499

PARA 35.—The Editor reports:—

The statement that the expenditure greatly exceeded the income during the year 1934-35 is not correct, inasmuch as the receipt of Rs. 32,378-0-0 for the year does not include (a) Rs. 5,270-15-9 on account of outstanding advertisement bills and (b) Rs. 7,815-14-0 which was not adjusted during the year for Corporation advertisements published in the "Gazette". The total of (a) and (b) comes to Rs. 13,086-13-9. When this is taken into account it would be seen that the income exceeded the expenditure by Rs. 3,587-13-9.

As regards the deficits in previous years, the points are fully covered by the observations which were made by me in connection with Para 38 (a) of Audit Report for 1933-34.

The Chief Accountant reports:—

In connection with Para 96 of the Audit Report for 1930-31, the Finance Committee on 14th August, 1936, resolved:—

"That a limit should be fixed by the Corporation to the excess of expenditure over the income of the *Gazette*. The Committee recommend that the limit be Rs. 5,000 a year." This was confirmed by the Corporation on 7th October, 1936.

ENGINEERING DEPARTMENT (CONSERVANCY).

Loss on account of non-acceptance of tenders for shoeing ponies and horned cattle at the Municipal Gowkhanas for the year 1934-35.

36. (a) Tenders for shoeing ponies and horned cattle at the Municipal Gowkhanas for the period from the 1st April, 1934 to the 31st March, 1935, were called for in January, 1934, the last date of tender being the 27th February, 1934. One of the conditions prescribed was that the rates offered should remain open for acceptance for three months from the date of tender. Six tenders were received. They were, however, not considered within this period but were put up before the Works Committee as late as the 9th August, 1934. This Committee found 4 of the tenders not in order owing to some technical defects and decided not to accept any of the other two tenders. Fresh tenders were received on the 17th September 1934 and were first considered by the Works Committee on the 29th November, 1934. Later on motion for reconsideration having been received, they were reconsidered by the Committee on the 6th and 13th December, 1934. Their recommendation came up before the Corporation on the 18th January, 1935, who resolved that the lowest tender be accepted. The matter, however, did not end here as further motions were received for reconsideration as a result of which the Works Committee had to go into the matter once again on the 24th January, 1935, and recommended that as only about 2½ months remained for the year 1934-35 to terminate, a fresh contract for this short period would not be convenient and that, therefore, the contractors for the previous year, (who had been doing the work for 1934-35 in the meanwhile), might be allowed to continue the work at their old rates for the remaining period of the year. This recommendation was accepted by the Corporation on the 20th February, 1935, with the result that although tenders were called for twice and although the rates quoted were in some cases lower than the rates paid for 1933-34 the Corporation failed to take advantage of the reduced rates in 1934-35 and old contractors with their higher rates were allowed to continue. In the interest of the Corporation the tenders should have been considered with as little delay as possible after the 27th February, 1934, and fresh tenders promptly called for, if necessary, so that the contractors for 1934-35 could have begun work as soon as possible.

PARA 36.—The Chief Accountant reports:—

This question was raised as per D. O. No. LA-157 dated 23rd April, 1936, from the Examiner of Local Accounts to the Chief Executive Officer. A reply was sent to the Examiner of Local Accounts as per the Chief Executive Officer's D.O. letter No. 1171, dated 27th May, 1936, which runs as follows:—

"Your D.O. No. LA-157 dated the 23rd April, 1936, forwarding a draft audit report regarding the tenders for shoeing ponies and horned cattle at the different Municipal Gowkhanas for the year 1934-35.

I have gone through the connected papers and I find that the Departments concerned do not appear to have any remissness in dealing with the matter. The specification and draft advertisement calling for tenders were approved by the Works Committee sufficiently in advance, i.e., on the 16th January, 1934.

The last date for submitting tenders was fixed as the 27th February, 1934. After the tenders were opened, some time was naturally required to scrutinise them, prepare a comparative statement and for the Chief Engineer to make his recommendations. The Chief Engineer submitted the comparative statement together with his remarks on the 13th March, 1934, for consideration by the Works Committee. After the 13th and before the 31st of March, no meeting of the Works Committee was held and the new official year having begun on the 1st April, 1934, all the old Committees ceased to function after that date.

In the year 1934-35, due to some unforeseen circumstances, the election of the Mayor, and the Deputy Mayor was not held till the 4th July, and the Works Committee was reconstituted by the Corporation on the 16th July. The tenders were placed before the first available meeting of the Committee which was held on the 28th July, 1934. The Committee however did not come to a decision on the matter till the 9th August, 1934. After the tenders had been placed before the Committee, the executive practically ceased to have any further hand in their disposal. I must point out that to keep the administration going, it was absolutely necessary to continue the services of the old contractors. This might have resulted in payment of higher rates, but it was inevitable due to the exigencies of the situation, and further, there was nothing unusual in this procedure. I might also add that there are instances when this particular procedure has actually resulted in gain to the Corporation."

In connection with Para 39 of the Audit Report for 1933-34 which also deals with another case of acceptance of higher tender the Local Government observed as follows :— Under Section 69(4) of the Calcutta Municipal Act, the Corporation has full power to reject the lowest or lower tenders in such cases, the reasons for rejecting the lowest or lower tenders should be placed on record. The Act, however, does not enjoin this. The Chief Accountant further reports on 29th August, 1938 :— With regard to the above observations of Government, the Corporation at their meeting dated the 8th June, 1938, resolved as follows :— "That under Section 69(4) of the Act, the Corporation has full power to reject the lowest or lower tender but the Act does not enjoin that the reasons for rejecting the lowest or lower tenders should be placed on record, nor would it be always feasible to do so."	

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
The financial effect of the delay which occured in the consideration of the tenders was a loss to the Corporation amounting to about Rs. 693 on the basis of the rates offered by Asik Ali, who was one of the old contractors. (b). It may be mentioned that some of the old contractors for the year 1933-34 offered lower rates in their tenders for the year 1934-35. Even in the case of these contractors no attempt was made to bring down the rates and payment was made at the old higher rates and there was a specific loss of Rs. 307.	
Division of supply contract causes loss.	
37 (a) Orders for the supply of whole gram on account of cattle food for the period from October, 1934 to March, 1935, for each District were divided equally between the firms of Messrs. Joykissen and Co., and Messrs. Md. Ali Jagannath Prosad. The samples offered by both the firms were of the same quality and the Controller of Stores certified that they were equally good. The rates of the firm of Messrs. Md. Ali Jagannath Prosad were however higher than those of Messrs. Joykissen and Co., for every centre of delivery. There was nothing on record to show that any attempt was made to persuade the firm of Messrs. Md. Ali Jagannath Prosad to accept the lower rates offered by Messrs. Joykissen and Co., nor anything to show that the latter were unwilling to supply the entire requirements. If the supply was entrusted solely to Messrs. Joykissen and Co., the Corporation could have saved about Rs. 2,467. (b) Even with Messrs. Md. Ali Jagannath Prosad supplying half of the total requirements for all the Districts the amount of excess expenditure incurred could have been minimised if, instead of dividing the supply equally for every District, the Corporation had arranged to obtain the entire supply from Messrs. Joykissen and Co., in the case of those Districts for which the margin of difference between the quotations of the 2 firms was comparatively more than for the other Districts. If this method of distribution were adopted, the loss would have come down to Rs. 2,096, *i.e.*, a sum of Rs. 371 could have been saved.	PARA 37.—The Chief Accountant reports:— This matter was reported in a special note by the Examiner of Local Accounts after considering which the Corporation on 24th June, 1936, confirmed the following resolution of the Finance Committee dated 26th May, 1936:— (1) "That as there is no provision in the existing Calcutta Municipal Act as amended making it obligatory on the Corporation to accept the lowest tender it does not appear that the provisions of the law were not complied with resulting in loss of public money. (2) "That the Committee are of opinion that it is not the concern of the Auditors to challenge the statutory rights of the Corporation in regard to the acceptance of tenders in such cases. (3) "That it is only upon any material impropriety or irregularity in the expenditure or in the recovery of moneys due to the Corporation or in the Municipal accounts or in case of loss or waste of money or other property, caused by neglect or misconduct, that the Auditors can report to the Corporation. (4) "That in the opinion of the Committee the instance pointed out is neither a case of material impropriety nor irregularity nor is it an instance of loss or waste of money caused by neglect or misconduct. The Corporation in the exercise of its discretion divided the contract between two contractors in order to ensure promptness of supply." A copy of the above resolution was forwarded to the Examiner of Local Accounts as per the Chief Executive Officer's letter No. S-2108, dated 10th July, 1936. The Examiner of Local Accounts in his letter No. LA 1166 dated 25th July, 1936, to the Chief Executive Officer observed as follows:— "With reference to your letter No. S-2108 dated the 10th July, 1936, forwarding a copy of the Corporation resolution on the subject of the division of a contract for whole gram and the monetary effect thereof, I have the honour to state as no report was issued on the matter under section 122 of the Act, no action is called for under section 123 on the resolutions enclosed with your letter. Further action will be taken in due course when the remarks of the Corporation are received on Para 37 in the Audit Report on the accounts for the year 1934-35." It is to be pointed out that the amount of excess expenditure stated in this Para is different from that stated in the Examiner's note.

		Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's letter No. LA. 3898, dated 16th February, 1938, to Government :— PARA 37.—The Auditors hold that the case constituted a material impropriety in the expenditure incurred in the purchase of whole gram for cattle-food. The reason given, *viz.*, ensuring prompt supply, for giving out a portion of the contract for supply at higher rate is not convincing as in case of default cash purchase could easily have been made from the market. Even if such distribution was considered necessary nothing has been said as to why the method most advantageous to the Corporation was not adopted. [*The remarks of the Chief Accountant are given against Para* 36.]	2(12) PARAS 37 & 38.—*Diversion of supply contract causes loss, and loss due to the acceptance of higher tenders for coal.* In connection with these paragraphs a question has been raised as to the proper function of the Auditors under Section 122(a) of the Calcutta Municipal Act. The Auditors have held that in the cases mentioned in these paragraphs there was a "material impropriety" in the expenditure within the meaning of the aforesaid section, while the Corporation has maintained that the Auditors have no power to challenge the statutory rights of the Corporation in regard to the acceptance of tenders. As the matter is one of considerable importance, Government have taken legal opinion and are advised that Section 69(4) of the Calcutta Municipal Act gives full power to the Corporation to reject the lowest or lower tenders and that the rejection of such tenders is not, therefore, illegal and that it is not also necessarily improper in cases. Government are, however, advised that under Section 122(a), it is the duty of the Auditors to point out not only illegalities but also any material impropriety or irregularity in the expenditure and that, if the Auditors consider that the rejection of the lowest or lower tenders is improper and unjustified, they are not only entitled to, but are bound to, point it out. It appears that the Corporation has also objected to the direction given by Government in paragraph 2(17) of their letter No. 186-M, dated the 19th January, 1938, for placing on record the reasons for rejecting the lowest or lower tenders on the ground that this is not enjoined by the Act and that it would not always be feasible to do so. Government are, however, of opinion that the rejection of the lowest or lower tenders may often raise a question as to the propriety of such rejection and that the reasons for the rejection should, therefore, be placed on record as far as possible.

DRAINAGE AND WATER WORKS.

Loss due to the acceptance of higher tenders for coal.

38 (a) The Corporation on 13th December, 1933 distributed the supply of *slack coal* aggregating 16,000 tons required for the Tallah Pumping Station for the year ending 30th November, 1934, amongst 5 tenderers.

From the analysis report it appeared that the calorific value of coal of Messrs. M. Arshed and Ariff Co., who were one of the successful tenderers was less than that of Messrs. South Kajora Colliery Co., Ltd., and was practically the same as that of the quality offered by Messrs. K. C. Ghosh and Co., these two firms being also amongst the successful tenderers. The rates offered by the two latter firms were however cheaper than that offered by the former firm.

The quantity allotted to Messrs. South Kajora Colliery Co., Ltd., was 3,000 tons against 5,000 offered by them. Similarly the allotment for Messrs. K. C. Ghosh and Co., was 3,000 tons against 16,000 offered by them. Instead of allotting 3,000 tons to Messrs. M. Arshed and Ariff Co., as was actually done, if the South Kajora Colliery Co., Ltd., had been allotted 2,000 tons more and the balance of 1,000 tons had been allotted to Messrs. K. C. Ghosh and Co., there would have been a saving of Rs. 1,344 to the Corporation.

(b) 9,000 and 4,500 tons of *Steam Coal* (Jheria) were required for the Palmer's Bridge and the Tallah Pumping Stations respectively. The supply was divided amongst Messrs. Indo Trading Co., and Mukherjee Chatterjee and Co., Ltd.

The Analysis report of the Coal Grading Board showed that the quality of coal offered by Messrs. Mukherjee Chatterjee and Co., Ltd., was better than the quality offered by Messrs. Indo Trading Co. The price offered by the former firm was appreciably lower and they were prepared to supply the entire requirements. In the circumstances, if the Corporation had placed the order for the entire supply with them, there would have been a saving of Rs. 2,953 to the Corporation. The Chief Executive Officer, however, states that the selection of the coal offered by Messrs. Indo Trading Co., was made because it was a better coal and worked out cheaper in the long run and that it was administratively and technically convenient to use this coal as it maintained a constant steam pressure. It is then not clear why a portion of the supply was entrusted to the other firm.

Note.—The calorific value of the quality of coal offered by the firms mentioned in the above paragraph and the rates quoted by them were as follows:—

Name of Firm.	Calorific value.	Rate per ton.
Sub-para (a)—		Rs. As. P.
(1) South Kajora Colliery Co., Ltd. ...	6995	5 13 0
(2) K. C. Ghosh & Co.	6839	5 15 6
(3) M. Arshed & Ariff Co., ...	6873	6 5 0
Sub-para (b)—		
(1) Indo Trading & Co. ...	7496 (11 & 12 seams). 7671 (14 seam).	Rs. 8-13-0 for Palmer's Bridge and Rs. 8-14-0 for Tallah Pumping Station.
(2) Mukherjee Chatterjee & Co. Ltd.	7662 (11-seam). 7810 (12 seam).	Rs. 8-4-0 for Palmer's Bridge and Rs. 8-9-6 for Tallah Pumping Station.

PARA 38.—The Controller of Stores reports:—

The coal tenders were placed before the Works Committee for decision and the Committee went through the tenders and accepted such tenders and for such quantities which in its opinion were conducive to the best interests of the Corporation. The Proceedings of the Works Committee dated 5th December, 1933, may be seen.

The Chief Accountant reports:—

This case is similar to that dealt with in the previous paragraph.

WATER WORKS EXTENSION—(MOORE'S SCHEME).

Excess over provision in the estimate.

39 (a) In the Revised Estimate for the Moore's Scheme as sanctioned by Government the provision for cost of supervision in India was Rs. 3,10,000 and the provision for works outlay was Rs. 2,42,33,271. The expenditure against cost of supervision up to 31st March, 1935, reached the figure of Rs. 7,37,234 while expenditure on the works outlay up to the same date was Rs. 2,27,40,233. The excess in cost of supervision was about 138 per cent. and constitutes a material deviation from the scheme as sanctioned by Government. Under Section 14 (b) of the Act fresh sanction of Government is necessary to regularise the excess.

PARA 39 (a).—The Chief Engineer and the Engineer-in-charge, Water Works Extensions, report :—
Necessary provision of funds has been made in the 2nd revised estimate which is now being dealt with by the Accounts Department.

Mistake in the total of the estimate.

(b) In the same estimate the provision for filtered water supply exclusive of contingencies was wrongly shown as Rs. 1,84,23,744-14-8 instead of Rs. 1,95,16,213-14-8 owing to a mistake in totalling. After allowing for contingencies on the correct figure, the difference works out to Rs. 12,01,716. The total of the estimate for the revised project should thus be Rs. 2,77,80,419 instead of Rs. 2,65,78,703.

PARA 39 (b).—The mistake in the total of the estimate is being regularised in the 2nd revised estimate.
The Chief Accountant reports that the Revised Estimate has been certified by him. The mistake was detected by the Department.

Excess over contracts.

(c) The following excesses of expenditure over the amounts of contracts were noticed. Sanction of Government should be obtained in the cases where after proper allocation as pointed out in the "Remarks" column the expenditure exceeds ½ lakhs of rupees. In other cases, the sanction of the Corporation should be obtained.

PARA 39 (c).—Contract No. 15—There is no excess. The sanctioned amount is Rs. 1,63,660-0-0 (Corporation, dated 2nd September, 1929).
Contract No. 16.—There is a saving.
Contract No. 17.—There is no excess. The actual expenditure under the contract is Rs. 1,94,420-12-5, sanctioned amount being Rs. 1,93,350-0-0 (Corporation dated 25th September, 1929), Rs. 2,34,765-8-5, which has been shown by the Auditors as the actual expenditure includes Rs. 40,344-12-0 for repairing Barrackpore Trunk Road which is outside the contract in question. The amount has since been separately shown in the Works Register.
Contracts 15, 16 and 17.—Hardly anything will be gained by trying to allocate these awards of court between the three contracts. After all only a *pro-rata* allocation can be made.
Contract No. 19.—There is no excess. The revised sanctioned amount being Rs. 3,38,690-0-0 (Corporation dated 26th March, 1930. Government No. 2774-M, dated 1st August, 1930.).
Contract No. 23.—There is a saving.
Contracts Nos. 19 and 23—Rs. 1,21,953-11-2 is the cost of the award including Corporation defence for the Contracts. See remarks against contracts 15, 16 and 17. This as well as the amount awarded under these contracts are being included in the 2nd revised estimate.
Contract No. 22—There is no excess expenditure. The amount of the revised estimate being Rs. 3,82,498-2-0 (Corporation dated 11th February, 1931, Government No. 869-M dated 4th February, 1933).
Contract No. 27—There is no excess. The amount of the revised estimate is Rs. 3,20,355-11-0 (Sanctioned by the Corporation dated 3rd October, 1934, Government letter No. 783-M dated 30th January, 1935).

Excess payments to contractors.

40 (a) In the final bill for the work "Excavation of trenches in connection with the scheme for water works extension, contract No. 19," two of the items for which payments were made to Messrs. B. N. Chatterjee and Sons (*vide* Cash Voucher No. 2456 dated 12th May, 1934) were as follows :—

(i) Using, fixing and removing timber in trenches.

(ii) Timber left in trenches as ordered.

It was found that the full rate for item (i) which included the cost of removal was paid for the entire quantity of timber including the quantity shown against item (ii) as left in trenches and therefore not removed.

(b) The same defect was observed in the final bill for the work "Excavation of trenches in connection with the scheme for water works extension, contract No. 18" (*vide* Cash Voucher No. 22409 dated 13th February, 1935).

There would be no excess payment if, as stated by the Engineer-in-charge, Water Works Extension, it be assumed that the item "Timber ordered to be left in trenches" actually stood for the "cost of timber ordered to be left in

PARA 40.—This objection was raised by the Examiner of Local Accounts in his D.O. letter No. LA-77, dated 18th April, 1936, to the Chief Executive Officer. The Chief Engineer forwarded the following note of the Resident Engineer, Water Works Extension dated 20th April, 1936.
"It is customary not to deduct anything for non-removal from trenches of such timbers as are ordered to be left in the trench. As such, the item includes the cost of timber less cost of removal. At least this was the real intention of the terms in the Schedule. Long ago the Accounts Department raised similar objections and in order to remove the vagueness of terms, in subsequent contracts *viz.*, Contract Nos. 20, 21, 22, etc., we modified the term and added the words "Extra for" before "Timber ordered to be left in trench". This makes the meaning and intention quite clear."
The Executive Engineer, Water Works, further observes that had there been any intention to make a deduction, the same would have been specified in the Schedule.

PARA 39(a).—That the departmental reply be accepted.	*Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. L.A. 3898, dated 16th February, 1938, to Government* :— PARA 39(a).—The sanction of Government to the second revised estimate is awaited. It may be pointed out that under Section 14(b) of the Act no material change in the project should have been made unless and until it had been sanctioned by Government. The provisions of the Act were not followed in this case. (b) The sanction of Government to the second revised estimate is awaited. The Chief Accountant reports :— PARAS 39 (a & b).—Government sanction has been applied for as per Chief Executive Officer's letter No. S/20 dated 1st April, 1938. *Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. L.A. 3898, dated 16th February, 1938 to Government* :— PARA 39(c).—The items, *viz.*, Rs. 1,10,978-14-5 against Contracts Nos. 15, 16 and 17 and Rs. 1,21,921-11-8 against Contracts Nos. 19 & 23 needed allocation in order that it might be determined whether in any case Government sanction or their revised sanction in respect of Contract No. 19 would be necessary. In view, however, of the special circumstances in which these items of unallocated expenditure were incurred, Audit would not press for their allocation unless Government decide otherwise. The Chief Accountant reports :— PARA 39 (c).—There is no necessity for any allocation.	
		Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. L.A. 3898, dated 16th February, 1938 :— PARA 40.—The interpretation of this item of work is not warranted by the terms used in describing the same. An attempt was made to verify the correctness of this interpretation. This, however, was not possible as no analysis of rates with regard to this item in the departmental estimates could be produced. As the Corporation has apparently accepted the interpretation given to the description of the item, the matter may be dropped. The Chief Accountant reports :— PARA 40.—No remarks.

trenches *less cost of removal thereof*." The specification in the contract does not, however, justify any such assumption and it would appear that the cost of removal of timber left in trenches has been paid in excess. The rate for removal of timber is not separately available, but even taking the rate at As. 4 per c.ft., the loss works out to Rs. 803-13-0.

Payment of claims for extra work and damages long after completion of work.

41 (i) The work done by Messrs. B. N. Chatterjee and Sons in connection with trench cutting contract No. 23 was closed in May, 1929. The final measurements for the work were taken in March, 1930. The bill which was prepared in June, 1930 by the contractors and was marked "final" by them was paid in December, 1930. The final payment was acknowledged by the contractors without any protest. They, however, preferred a claim on 29th August, 1933 amounting to Rs. 63,162-0-4 on account of alleged extra work done and damages suffered owing to delay on the part of the Corporation in allowing necessary facilities for completion of the work.

(ii) The work in respect of trench cutting contract No. 19 with the same contractors was completed in October, 1930. The final measurements, however, were taken only in January, 1933. The last bill for the work was presented by the contractors on 28th August, 1933. In this case, however, they did not mark the bill as "Final". On the other hand, they presented a claim on the following day for Rs. 1,65,627-8-11 along with claim referred to in sub-para (i) above and for similar reasons.

(iii) With regard to Contract No. 23 it may be observed that the rules in force in the Public Works Department require their contractors to make the following endorsement on the final bill:—

"Received payment in full settlement of all demands." This provision in the Public Works Department was obviously intended to prevent the presentation of claims at a later stage when their verification might be difficult or impossible. The presentation of additional claims in the case of Contract No. 23 after the lapse of about 3 years from the date of payment of the final bill was possible only because the procedure in respect of works undertaken by the Corporation did not provide for a declaration similar to that obtaining in the Public Works Department.

(iv) With regard to Contract No. 19 it may be observed that the final measurements were taken about 2 years and 3 months after the date of completion of the work causing a corresponding delay in the submission of the last bill. Although, in view of the defective procedure obtaining in the Corporation referred to in sub-paragraph (iii) above, prompt measurements and payment of the final bill could not have prevented the additional claims presented in 1933, it may be observed that such delays in the settlement of contractors' claims may cause difficulty in testing the correctness of the disputed claims or to disprove that certain terms of the contract were not duly fulfilled.

(v) As already mentioned, the extra claims were presented on 29th August, 1933. On 5th and 6th September, 1933 the solicitor on behalf of the contractors also wrote to the Chief Executive Officer repeating the claims. On the 13th November, 1933 the contractors filed a suit for the amount, and soon after, before the Corporation had filed their reply, suggested that the matter be referred to arbitration. The Corporation agreed to this and the arbitrator made an award of Rs. 1,01,866-11-8 in favour of the contractors including Rs. 15,000 as costs.

(vi) The suit was filed 2½ months after the claims were first presented; no reply was sent to the contractors in the meanwhile or the matter put up to the Corporation for orders. The only action taken during this period appears to be that the Resident Engineer, Water Works Extension, discussed the matter with the Law Officer and explained to him the facts of the case. The terms of the contracts contained a clause for arbitration of disputes. But owing to the delay

PARA 41.—The Chief Engineer reports :—

This question was raised by the Examiner of Local Accounts in his D. O. No. LA-338, dated 13th May, 1936, to me and I sent a reply to him on 16th May, 1936, which is reproduced below :—

I. "The contractors' bill form of the Corporation requires modification. The endorsement proposed by the Government Audit Department may be accepted. We may also have a different coloured paper for the final bill, but the procedure as regards payment of contractors' bill in the P. W. D. is totally different from the procedure in vogue in the Corporation. The Accounts Department, the Treasury Department and the Law Department may be consulted—if under the existing Act such an endorsement will effectively stop the contractors from putting up further claims.

II. "It is always desirable that measurements and payments be promptly made. Here, in the Corporation the final measurements are practically a compilation of all the progressive measurements which are made as the work proceeds. For such big works extending for over 6 years this compilation of measurements take a long time. In the case of Contract No. 19 such inordinate delay was unavoidable. It was proposed to do some contiguous work of the same nature as extra to this contract—the contract was therefore kept open. But subsequently the proposal fell through and the final measurements were taken up. In the meantime the Inspector-in-charge of the works was transferred and another Inspector had to compile the measurements in addition to his other duties.

(1) The work referred to is laying of 60" main in Dharamtala corner after exhuming McCabe main. (2) When the final measurement was taken up the staff was reduced.

III. "*Re* : Filing of the law suit by contractors.

The contractors never intended to go to arbitration as provided in the General Conditions. They wanted full settlement of their claim *within a week*, failing which they intended to file a suit. It was not at all possible to examine the huge claims covering two contracts and extending for over 6 years in such a short time.

Clause in the General Conditions do not take away the right of a party to have its grievance redressed through a court of Law and it is for the aggrieved party to decide how they will proceed with the case. The contractors preferred to go to the courts but subsequently suggested arbitration under the orders of the court which was agreed to. The contractors also chose to conduct their case with the help of lawyers and the Corporation had to do the same.

It is not correct to assume that arbitration under the clause in the General Conditions would have cost nothing to the Corporation. The arbitrator's fees are payable by the Corporation and if the case had to be conducted with the help of lawyers, as has been the case, the lawyers' fees were also payable by the Corporation.

The arbitration under the orders of the court and the employment of lawyers were forced upon us and it is not understood how the Corporation could have definitely saved Rs. 15,000 as costs awarded to the contractors. It was in the interest of the contractors that they preferred arbitration under the orders of the court.

In fact, the Corporation had suggested arbitration—the case to be conducted by the Engineers of the contracting parties. Even just at the commencement of the hearing, we had tried our best to come to a mutual settlement, but the contractors were not agreeable to it."

Rule 6 of the said Audit Rules provides that when there is a difference of opinion on any point between the Corporation and the Auditors, the matter, *together with the explanation of the Corporation, if any*, shall be referred by the Auditors to Local Government for orders. Corporation.			
Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per their Letter No. 530-M, dated 6th April, 1940.
		with the second batch of further remarks of the Accountant-General, Bengal, on the replies of the Corporation to the Audit Report for 1933-34, I have already pointed out that the procedure of submitting the re-joinders direct to Government, as adopted by the Auditors, is in contravention of the provisions of the Rules regarding Audit of Accounts of the Calcutta Corporation. The Audit Rules have no provision for including in the publication any replies of the Corporation to the Audit re-joinders though there is provision for publishing the re-joinders themselves. The time allowed for submission of the audit rejoinders along with our replies is two months only from the date of our submitting the original replies, (in this case case 15th December, 1937). The Accountant-General, Bengal's letter is dated 16th February, 1937, but a copy was sent to the Corporation as late as 29th March, 1938. We should communicate our views to Government before Government passes final orders for publication as we did on the last occasion. The Chief Accountant further reports on 29th August, 1938, as follows :— While considering the further remarks of the Accountant-General, Bengal, on, the Audit Report for the year 1933-34 the Finance Committee at their meeting dated the 24th May, 1938, resolved as follows :— "That the attention of Government be drawn to the fact that Rule 6 of the Rules regarding audit of Accounts of the Calcutta Corporation has not been complied with by the auditors inasmuch as before making a reference to the Local Government under this Rule they have not given the Corporation an opportunity to offer further explanation, if any, on the points, on which there was a difference of opinion." This resolution was confirmed by the Corporation on 8th June, 1938. The points now raised by the Accountant-General, Bengal, and the Examiner of Local Accounts are dealt with para by para below.

The Collector reports :—

The Auditors styled the dates put in the last column to be the dates of first action. It is not known what is meant by the words "first action." The Divisions which directly deal with such bills, will certainly take some time to dispose of these cases. When they fail, they bring the cases to the notice of the Collector in writing. It is curious that dates of these reports are taken to be dates of first action.

(1) *Re* :—4/2, Park Lane.—The occupier locked up the house and left abruptly. It was thought desirable not to break open for such a small amount and therefore to wait to see if the party was traceable anywhere. Failing to trace him, the matter was reported as stated.

(2) *Re* :—9, Loudon Street—Divided occupier's share bill received by this department on 1st September, 1931, after the party had left. Sometime was necessary to try to find out the whereabouts of the party. When the attempts failed the matter was reported as stated above.

(3) *Re* :—1, Upper Wood Street.—Divided occupier's share bill received by the department on 16th March 1931, after the party had left the place. The bill was issued in a disputed name. In course of enquiries made it was ascertained that a different person occupied the premises during the period who was not traced. It therefore took time to try to find out this party.

(4) *Re* :—45, Park Street.—Remitted bill received by this department on 9th September, 1930, after the occupier's firm — a confectionery, wound itself up. No action could therefore be taken. Sometime was allowed to pass to try to trace the proprietor.

(5) *Re* :—2-A, Palit Street.—It was a divided occupier's share bill received during 1st Qr., 1931-32. The liability could not be definitely established between Rai Bahadur, T. N. Singh and Mr. H. P. Bajoria; hence correspondence had to be started from 5th February, 1932.

(6) *Re* :—145/2, Lower Chitpur Road.—It was a shop for selling cooked meat and 'chapaties' where there were no sufficient moveables. On pressure being put, the party left and was untraced. The department waited for one year before the bill was recommended for cancellation and this action is not unsound on principle.

9. FINAL ORDERS OF THE GOVERNMENT ON THE AUDIT REPORT FOR 1934-35.—The Committee were asked to consider the final orders of the Government on the Audit Report for the year 1934-35 as communicated in their letter No. 530/M. dated the 6th April, 1940.

On the recommendation of the Finance Standing Committee the Corporation on 14th September, 1938 resolved as follows:—

That the departmental replies be accepted and that a reply be sent to Government accordingly.

The above resolution was duly communicated to the Secretary, Government of Bengal, who replied as follows:—

Letter No. 530M dated 6th April, 1940 from the Secretary to the Government of Bengal.

"I am directed to refer to the correspondence resting with your letter No. S.4357 dated the 22nd September, 1938, regarding the report on the audit of the accounts of the Calcutta Corporation for the year 1934-35.

2. I am to say that Government have carefully considered he audit report together with the explanations submitted by the Corporation and I am to communicate the following observations and orders of Government in the matter:—

[*These observations and orders have been shown against the respective paragraphs of the Audit Report.*]

I am to request that the audit report together with the replies of the Corporation, the audit rejoinder and the final orders of Government may now be published as required by Rule 7 of the rules regarding the audit of the accounts of the Calcutta Corporation issued under Government Notification No. 2986-M, dated the 10th May, 1935, as subsequently amended."

The Chief Accountant reported as follows:—

As directed by you, this Department is taking action to make the Audit Report for 1934-35 with relevant matters ready for the Press and I hope this will be sent to the Press soon.

The Audit Rules do not provide for inclusion in the publication of any replies or remarks subsequent to the passing of the final orders by Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. The Government also desire to have further replies of the Corporation on certain points. The letter may therefore be placed before the Corporation through the Finance Committee for which your orders are solicited.

The orders and observations of Government are dealt with para by para below as they appear in the Audit Report.

Paragraph 12—Cash in hand (with the Treasurer).

This relates to the method of accounting for the sums realised by various officers of the Corporation on or before 31st March, of a financial year and deposited in the Treasury on the first working day of the following year.

This question has already been dealt with in my replies to para 8 of the Audit Report for 1938-39, with reference to the final orders of Government on the Audit Report for 1935-36.

Paragraph 16—Disposal of objections.

Paragraph 2 (b) of the Government order No. 186M dated 19th January, 1938, regarding the Audit Report for 1933-34 runs as follows:—

"Paragraph 20—Disposal of objections to assessment.

Adequate steps should be taken to cope with the increase in the number of objections."

The orders and observations of Government as per their letter No. 186M dated 19th January, 1938, were considered by the Corporation on 8th June, 1938, when they confirmed the following recommendations of the Finance Standing Committee dated 24th May, 1938.

"That the Chief Executive Officer be requested to report as to how the disposal of objections can be expedited."

Paragraph 17—Heavy outstanding rate bills.

Paragraph 2(9) of the Government order No. 186M dated 19th January, 1938, relating to the Audit Report for 1933-34 runs as follows: "Paragraph 24—Heavy outstanding Rate Bills :—It is reported that the total amount outstanding at the end of the year 1935-36 was over Rs. 42 Lakhs. Special efforts should be made to reduce this heavy outstanding."

Paragraph 18—Delay in the verification of outstanding bills.

No remarks.

Paragraph 21(b)—Cancellation of rate bills

No remarks.

Paragraph 25—Park Circus Market.

No remarks.

Paragraph 27—Miscellaneous Bills—1, Hungerford Street.

No remarks.

Paragraph 29—Surrender of decretal claim.

This relates to surender of decretal claims in respect of premises No. 83, Upper Chitpore Road. The resolutions of the Corporation dated 26th August, 1938, in this connection are quoted below for ready reference.

Resolved—

(i) That the claim in the suit was compromised in view of the various complications in the matter and that the compromise was in the best interests of the Corporation. The Corporation re-iterate their view that there was no irregularity in this case and it is therefore absolutely outside the jurisdiction of the Auditors to pursue the matter further.

(ii) That Section 537 (c) of the Act does not make it obligatory on the Corporation to give their reasons for a compromise nor can all the "*pros*" and "*cons*" be recorded in each case.

Paragraph 30—Expenditure in excess of provision in the Budget.

The suggestion contained in the Government Order No. 530M dated 6th April, 1940 to the effect that Corporation sanction is necessary under Section 13(b) of the Act to incur liability for the excess expenditure to be carried over to the following year is not practicable for the following reason :—

The cash account of the Corporation is closed with the close of the financial year but the transfer adjustments on account of stores issued from stock cannot be closed on that day. In fact, it takes about 2 to 3 months to complete the adjustments for transactions made within the year and obviously the amounts of the actual liabilities in excess over the budget grants cannot be ascertained before such adjustments are actually closed.

It is hardly a fact that liabilities are incurred by the Officers of the Corporation in excess of the Budget provision due to injudicious or unnecessary commitments. The main cause for such excesses is the adjustment of the previous year's liabilities as well as occasional purchase of excess quantity of stores during the current year in terms of the spepcification. This necessitates additional budget provisions during the year whch is arranged with the sanction of the Finance Committee and/or the Corporation under Section 95 of the Act, on the basis of the estimates available at the time, but if such estimates are not complete it cannot be detected within the year.

On account of the facts stated above it is not possible to obtain sanction of the Corporation to the liabilities within the year under Section 13(b) of the Act.

It may therefore be submitted to Government for reconsideration and further orders.

Paragraphs 32 and 34—Refund of Motor Vehicle tax to Corporation Officers and irregular payment to midwives.

Order No. 1321M dated 10th March, 1937 of Government runs as follows :—

I am directed to invite your attention to the letter No. L.A.2425, dated the 30th November, 1936, from the Accountant General, Bengal, and the Examiner of Local Accounts, Bengal asking for the orders of Government under Section 123 (1) of the Calcutta Municipal Act in a case in which there has been a difference of opinion between the Corporation and the auditors in regard to the method of payment of certain allowances to the midwives and the rickshaw men in the employ of the Corporation. It appears from the Corporation resolution No. 720, dated the 24th August, 1936 that the Corporation changed the nomenclature of the payment from "Bonus" to "Extra Allowance" under the impression that the grant of the "Extra Allowance" would not come within the purview of section 56 and would not, therefore, require the sanction of Government under section 485.

(2) I am to point out that this case is on all fours with the case of refund of the amounts of the Motor Vehicles tax paid by certain officers and employees of the Corporation and that the decision of the Government communicated to you in this department letter No. 8798 L. S. G. dated the 11th December, 1936, will apply *mutatis mutandis* to the present case. The Corporation resolution of 24th August, 1936, which purports to regulate in general terms the grant of allowances to the midwives and the rickshaw men would therefore, come under the purview of Section 56 of the Calcutta Municipal Act and I am to request that steps may be taken to obtain the sanction of the Local Government under Section 485 as early as possible. If, however, the Corporation desires these allowances to be covered by Section 51(2), there should be formal orders fixing the allowance in the case of each individual employee.

The above orders of Government along with their letter No. 8798 L. S. G. dated 11th December, 1936 were considered by the Corporation at their meeting dated 8th June, 1938 when they confirmed the following recommendations of the Finance Standing Committee dated 24th May, 1938:—

That the Committee agree with the Chief Accountant and the Chief Law Officer that these cases do not come under Section 56(5) of the Act but they come under Section 51 (2) under which it is competent for the Corporation, in the one case, to resolve that Corporation efficers who are required to maintain motor cars should as a class, have their Motor car allowance increased by the amount of the Vehicles Tax paid by them : and, in the other, to resolve fixing the salary of Midwives at the several grades together with an allowance of Rs. 2 for each case delivered by them in excess of 15 cases per month, and similarly in the case of the rickshawmen; and that when the salary and allowances are governed by Section 51(2) the question of a formal order in each officer's case individually does not arise.

The resolution was communicated to Government as per Chief Executive Officer's letter No. S4075 dated 9th September, 1938. There is however, no reference to this letter of the Chief Executive Officer in the final orders of Government now under consideration.

A representation may be made to Government for revision of order in the present case.

In connection with para 43 of the Audit Report for 1936-37 the Secretary P. H. and L. S. G. Department observes in his letter No. 48 T.M. dated 25th May, 1940, as follows:—

"The attention of the Corporation is invited to the decision of Government communicated in this department letter No. 1321M dated the 10th March, 1937 that either steps should be taken to obtain the sanction of Government under Section 485 of the Calcutta

Municipal Act or, if the Corporation desires these allowances to be covered by Section 51(2) of the Act, there should be formal orders fixing the allowance in the case of each individual employee."

Paragraph 33—Compensation paid for suing a wrong person.

This relates to 47 Nimoo Gossain Lane. The person prosecuted was Babu Sarbaranjan Bysack. In this connection the Chief Executive Officer was pleased to pass an order on 22nd February, 1939, as follows:—

"I discussed the matter in a conference with the Chief Law Officer the Health Officer and the District Health Officers to-day (22nd February, 1939).

In view of the decision in Sarbaranjan Bysack it has become necessary for the Corporation to adopt a different procedure in such cases. Before prosecutions are actually launched, an enquiry should be made by the District Health Officers to satisfy themselves that the real person is prosecuted. In order to do so they should ascertain from the Assessment Department the names of the present owners. The Assessor should give them all facilities. The Health Officer will put up a note as to what is required and I shall then forward it to the Assessor with necessary orders."

The orders of the Chief Executive Officer were communicated to District Health Officers, Health Officer, Assessor and Chief Law Officer by the Secretary on 1st March, 1939.

Paragraphs 37—38—Division of supply contract causes loss, and loss due to the acceptance of higher tenders for Coal.

Our replies to the further remarks of Joint Auditors as accepted by the Corporation on 14th September, 1938, are quoted below for ready reference.—

"Paragraphs 36—38.—These relate to the acceptance of other than the lowest tenders in full. There is nothing further to add to our previous replies. In connection with paragraph 39 of the Audit Report for 1933-34 which also deals with another case of acceptance of higher tender the Local Government observed as follows:—

"Under Section 69 (4) of the Calcutta Municipal Act, the Corporation has *full power* to reject the lowest or lower tenders but in such cases, the reasons for rejecting the lowest or lower tenders should be placed on record."

The Act, however does not enjoin this.

With regard to the above observations of Government, the Corporation at their meeting dated 8th June, 1938, resolved as follows:—

"That under Section 69(4) of the Act, the Corporation has full power to reject the lowest or lower tender but *the Act does not enjoin that the reasons for rejecting the lowest or lower tenders should be placed on record, nor would it be always feasible to do so.*"

In connection with Para 17 of the Audit Report for 1937-38 which relates to stating reasons for reduction of valuation under Section 146 of the Act by the Chief Executive Officer, the Government Auditors stated in their further remarks as follows:—

The Chief Executive Officer in his letter No. S/658 dated 15th May, 1939, stated as follows:—"The power conferred under this Section (Section 146 of the Calcutta Municipal Act) is entirely discretionary and the Chief Executive Officer is not required to place on record the reasons or grounds for any amendment made by him in exercise of such powers" The auditors however do not agree with this view. The Legal Remembrancer opined as follows on 13th June, 1936. "Section 146 (b) is wide..... Legally the Officer is not limited as to the deductions he makes. The power of decision in these matters is given to the Officer and he has a right to err so long as he is left with the power. If he errs too much

another officer can be given the job. The auditors cannot assume his functions but they are of course perfectly entitled to point out to the Corporation the inefficiency of the officer to whom this work has been entrusted." So unless the grounds for reduction and the details showing how the reduced valuation has been arrived at under Section 146 are recorded and furnished to the auditors for scrutiny, it would not be possible for them to see whether the officers vested with the powers under Section 146 of the Calcutta Municipal Act have been erring too much and are inefficient. It may, therefore, kindly be decided by Government whether the officers vested with the powers under Section 146 (b) should not furnish reasons for reductions and the details as to how the reduced valuations have been arrived at.

In connection with the further remarks of the Government Auditors on Para 17 of the Audit Report for 1937-38, the Finance Standing Committee on 8th August, 1940, recommended as follows:—

"The Committee note with regret that the Legal Remembrancer has thought fit to use certain unhappy expression such as "He has a right to err." They do not agree with him in the opinion that the Auditors can question the efficiency of any officer of the Corporation. They can only draw the attention of the Corporation to an irregularity where such irregularity has actually occurred. They also note that the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue, *viz.*, whether the Chief Executive Officer is required to assign the reason for reduction."

The above recommendation of the Finance Standing Committee was confirmed by the Corporation on 21st August, 1940.

Paragraph 41.—*Payment of claims for extra work and damages long after completion of work.*

No remarks.

(1) *Paragraph* 12—*Cash in hand (with the Treasurer).*

The Chairman said that they might pass it over as the question was dealt with by the Government in connection with the Audit Report for 1935-36.

(2) *Paragraph* 16—*Disposal of objections.*

In reply to the Chairman, the Deputy Executive Officer II said that as regards disposal of objections, the position had considerably improved as the following report of the Assessor will show.

Assessor's Report re. Para 16 *of Government order for* 1934-35.

In obedience to the resolution of the Corporation dated the 8th of June, 1938, confirming the recommendation of the Finance Committee dated the 24th May, 1938, a report was submitted to the Chief Executive Officer, praying for an additional staff of two clerks, two valuation checkers and six notice-servers to cope successfully with the increased number of objection cases received. The Services Committee at their meeting held on the 17th of November, 1938, sanctioned the above additional staff and the Finance Committee dated the 7th of February, 1939, accepted the recommendation of the Services Committee. This sanction being for nine months only up to the 16th November, 1939, it was renewed next year again by the Services Committee dated the 5th of October, 1939, allowing the retention of the staff up to the 31st of March, 1941.

In pursuance of the resolution of the Services Committee, the additional staff was appointed on the 15th of February, 1939, and the same have been retained till now. The comparative figures given below will attest the fact that the number of objection cases disposed of has since then been considerably increased; the average disposal per month now is in the neighbourhood of 1100; whereas, the previous figures fluctuated between 400 to 700 per month. The average number of hearing of cases fixed per day previously was 150 and now it is 200.

The Chief Executive Officer is kept informed of the progress by a monthly statement submitted to him in the Form No. A 33.

Year.		No. of objections received.	Balance of previous year.	Total for disposal.	No. of objections disposed of.	No. of objections pending.
1936-37	...	6,801	5,991	12,792	4,395	8,397
1937-38	...	11,835	8,397	20,032	8,117	11,915
1938-39	...	9,935	11,915	21,850	13,283	8,567
1939-40	...	15,593	8,567	24,160	12,766	11,394

Chairman: Let us say this. The Committee are assured by the Deputy Executive Officer II that material progress has been made in the disposal of objections.

The Committee agreed.

(3) *Paragraph 17—Heavy Outstanding rate-bills.*

Chairman: We may say that the situation has greatly improved, particularly in the Law Department. Special efforts have been made to reduce the amount of outstanding rate-bills by the appointment of a Special Officer of great experience, by the effort of the Law Department Working Special Committee and the Special Finance Committee. The Deputy Executive Ocfficer II and the Collector are also being directed by this Committee to attend to speedy realisation of the Corporation revenue—both current and arrear.

The Committee agreed.

(4) *Paragraph 18—*

The Collector informed the Committee that he was expediting his part of the work.

(5) *Paragraph 21 (b)—Collection of rate-bills.*

The attention of the Heads of Departments concerned has been drawn by the Committee to the Government orders.

(6) *Paragraph 25—Park Circus Market.*

This market has been rebuilt and suitable steps have been taken to make it self-supporting.

(7) *Paragraph 27—Miscellaneous bills.*

Chairman: We may say that directions be issued to the Heads of various Departments, responsible for recovery of Corporation dues that any default on the part of a Councillor, or Alderman or any influential citizen shall be brought to the notice of the Finance Committee without delay, so as to take action which they may deem necesary.

The Collector stated that much delay and fruitless efforts on the part of his department were caused through absence of case files in support of disputed miscellaneous bills. The issuing departments often send up bills long after the demands matured and after forwarding the bills to the Collector the issuing departments take no steps towards their realisation. Many cases have fallen through for want of papers which are not preserved beyond the period laid down in the Manual although the claims happen to be pending. As things are at present, the entire responsibility for the bills lies on the Collector.

Chairman: We have already asked the Deputy Executive Officer to keep constant watch on the prompt realisation of such bills and to maintain an index cabinet of such cases. We may give suitable directions to the issuing departments also and make it clear that the responsibility for non-realisation shall lie with them if objections are not met promptly or if papers are not forthcoming when called for. We have also issued orders to the Water Works Department to strictly observe the rules laid down in the Manual regarding advance.

The Committee agreed.

(8) *Paragraph 29—Surrender of decretal claims.*

The Committee finds itself in agreement with the procedure hitherto adopted by the Corporation in the matter.

(9) *Paragraph 30—Expenditure in excess of provision in the Budget.* This matter will be dealt with in connection with the Audit Report for 1935-36.

(10) *Paragraphs 32 and 34.—Refund of Motor Vevicle tax to Corporation Officers and irregular payment to midwives.*

The Committee suggests that the Corporation should maintain its original attitude and that the Government should be asked to refer to the Chief Executive Officer's letter No. S 4075 dated 9th September, 1939 in which the whole position has been explained.

(11) *Paragraph 33—Compensation paid for suing a wrong person.* The attention of the Chief Law Officer has been drawn by this Committee to the remarks made by the Government.

(12) *Paragraphs 37 and 38—Division of supply contract causes loss and loss due to the acceptance of higher tenders for coal.*

The Committee agreed that the attitude taken up by the Corporation in this matter should be adhered to.

(15) *Paragraph 41—Payment of claims for extra work and damages long after completion of work.*

Mr. Ispahani said that such things should be stopped and no claims for extra works should be entertained unless bills were submitted within a specified time, say, a fortnight from the date of completion of such works.

The Special Officer said that there was a provision for taking monthly measurement and for submission of monthly bills by contractors and *if there were any claims which contractors wanted to prefer, that must be noted on the bill*, although the amounts involved need not be specified.

The Chief Accountant suggested that a clause might be inserted in the specifications and agreements requiring claims, if any, to be submitted within 3 months after the completion of the works. They could then successfully resist belated claims.

The Committee agreed.

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No. 530-M dated the 6th April, 1940, be given effect to, subject to the following directions and remarks:

Re. Para 16:—It is noted that material progress has been made in the disposal of objections.

Re. Para 17:—The Committee note that realisation of arrears, specially in the Law Department has appreciably improved within the last year.

Re. Para 21 (*b*):—That the attention of the Heads of Departments concerned be drawn to the orders of Government.

Re. Para 25:—That the Government be informed that the Market has recently been extended and re-built and that vigorous steps are being taken to make it a self-supporting concern.

Re. Para 27.—I. That it be a direction to all Heads of Departments responsible for recovery of Corporation dues, that any default on the part of a Councillor, Alderman or other influential citizen against whom summary action is not ordinarily taken, shall be reported to the Finance Committee without delay for such action as the Committee may direct to be taken.

II. (a) Miscellaneous Bills which cannot be realised owing to any irregularity or defect in the demand, shall be referred by the Collector to the issuing Department within three months of issue stating the grounds of objection.

(b) The issuing Department shall, within a month of receipt of such reference, see that the necessary sanctions for correction or amendment of the bills are placed before the Collector through the Deputy Executive Officer explaining the cause of the mistake or defect.

(c) In case the sanctions are not placed before the Collector within a month or if in the meantime the claim becomes time-barred, the entire responsibility shall lie with the issuing Department and the whole amount shall be realised from the person or

persons responsible for the error or negligence, unless it can be definitely proved that some other Department is really at fault

(d) All papers in such cases shall be preserved by the department concerned till the bills are realised or otherwise disposed of.

Re. Para 29:—The Committee are unable to agree with the Government and they consider that the views expressed by the Corporation in their resolution dated the 26th August, 1938 are correct.

Re. Paras 32 *and* 34:—That the attention of Government be drawn to the Chief Executive Officer's letter No. S. 4075 dated the 9th September, 1939 in which the whole position has been clearly explained.

Re. Para 33:—The Committee note that the Chief Executive Officer has already taken action in the matter and has directed the Prosecuting Departments to obtain correct and definite information before launching any prosecutions in future.

Re. Paras 37 *and* 38.—The Committee are of opinion that the attitude taken up by the Corporation in this matter is correct and should be adhered to.

Re. Para 41.—The Committee recommend that a specific clause should be inserted in the specifications and agreements enjoining that no claims for extra works shall be entertained unless bills for such works are submitted within three months from the date of completion.

The above recommendations of the Finance Standing Committee were confirmed by the Corporation on 7th January, 1941. The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S4217 dated 18th January, 1941 and to the departments concerned as per Secretary's Circular No. 149 dated 20th January, 1941.

Letter No. L. A. 1740, dated the 23rd December, 1935, from the Accountant-General, Bengal, and the Examiner of Local Accounts, Bengal, to the Chief Executive Officer, Corporation of Calcutta.

We, the undersigned, appointed *ex-officio* Joint Auditors of the accounts of the Corporation of Calcutta, do hereby forward under Sections 122 (a) and 122 (aa) of the Calcutta Municipal Act, a report on a case of material irregularity and loss observed in the course of a test audit and examination of the accounts of the Calcutta Corporation for the year 1934-35 for necessary action under Section 123 (1) of the Act. The action taken should be communicated by the 2nd February, 1936.

[*These objections have been shown in Para 29 of this Audit Report. The last line of the ad-interim report which does not appear in the above Audit Report, was as follows:—*

This was *ultra vires of Section 213 of the Act.*]

Letter No. L. A. 1182, dated 30th July, 1936 from the Accountant General, Bengal, and the Examiner of Local Accounts, Bengal, to the Secretary to the Government of Bengal, Department of Public Health and Local Self-Government.

We have the honour to invite a reference to our Endorsement No. L.A. 1740A, dated the 23rd December, 1935, forwarding a copy of the Joint Auditors' report under Section 122 (a) and (aa) of the Calcutta Municipal Act on the surrender by the Corporation of Calcutta of certain claims on account of rates, etc., in respect of premises No. 83, Upper Chitpur Road, and the Chief Executive Officer's letter No. S 2113 dated the 10th July, 1936 to Government forwarding Corporation's remarks dated the 24th June, 1936, thereon, and to observe as under.

The last line of the *ad-interim* report referred to above pointing out the incongruity of the terms of the surrender with the provisions of Section 213 of the Act has on further examination been omitted from the para on the subject (vide para 29) as included in the final Audit Report issued under Section 122 (c) and forwarded to Government under endorsement No. L. A. 367 A dated the 15th May, 1936. No coments are therefore necessary on the first sub-para of the Corporation resolution except that the sum of Rs. 6,490-14-9 referred to in the resolution represents the loss on account of the principal (consolidated rates) only. The total loss including costs and interest decreed by the Court amounted to about Rs. 15,552.

As regards the other points mentioned in the resolution, the Auditors hold that the case exhibited material impropriety and that the action taken by the Corporation caused loss. It will be seen that the amount foregone was large and that the claim was certified by the Law Officer of the Corporation to be safe.

The auditors do not question the statutory rights and powers of the Corporation under Section 537. At the same time, they are required under Section 122 (a) and (aa) to report all cases in which they consider there has been either material irregularity or impropriety or loss or waste and this has to be done without reference to the nature and extent of powers which the Corporation may possess under the various Sections of the Act.

Letter No. 1317-M, dated 10th March, 1937 from G. S. Dutt, Esq., I.C.S., Secretary to the Government of Bengal, Department of Public Health and Local Self-Government to the Chief Executive Officer, Calcutta Corporation.

I am directed to refer to your letter No. S. 2113, dated the 10th July, 1936, forwarding a copy of the resolution passed at the Corporation meeting of the 24th June, 1936 regarding the Joint-Auditor's report under Section 122 (a) and (aa) of the Calcutta Municipal Act on the surrender by the Corporation of certain claims on account of rates etc., in respect of premises No. 83, Upper Chitpur Road, and to say that the auditors have already omitted from the final Audit Report for the year 1934-35 the concluding portion of the *ad-interim* report in which objection was taken to the effect that the surrender of the claims was *ultra-vires* of Section 213 of the Act. This part of the objection has thus been withdrawn and no comments are, therefore, necessary on the sub-paragraph of the Corporation resolution except that the sum of Rs. 6,490-14-6, referred to in the resolution, represents the loss on account of the principal (consolidated rates) only whereas the total loss including costs and interest, decreed by the Court amounted to about Rs. 15,552.

As regards the other points mentioned in the Corporation resolution, the auditors maintain that, without questioning the statutory rights and powers of the Corporation, they were justified in making a report under clauses (a) and (aa) of Section 122, as in their opinion, the case involved material impropriety and the action taken by the Corporation resulted in loss. I am to say that Government agree with the view taken by the auditors especially as the claim in this case was certified by the Law Officer to be a safe one. I am to point out that under the above clauses, the auditors are required to report all cases in which they consider that there has been any material irregularity, impropriety, loss or waste of money. I am to add that, as the matter has already been included in the annual Audit Report for the year 1934-35, it will be further considered when the Corporation's reply to that report is received by Government.

Letter No. L. A. 588, dated 21st June, 1938 from the Accountant General, Bengal, and the Examiner of Local Accounts, Bengal to the Secretary to the Government of Bengal, Department of Public Health and Local Self-Government.

We have the honour to invite a reference to letter No. S. 1299 dated 18th/23rd, May, 1938, from the Chief Executive Officer, Corporation of Calcutta to your address, and to offer the following comments thereon

A copy of this office letter No. L. A. 1182 dated the 30th July, 1936 to you in connection with an *ad-interim* report on the subject matter of this paragraph was duly forwarded to the Corporation for information, and they were aware that while the Auditors did not question the rights and powers of the Corporation under Section 537 of the Act they held that the case involved material impropriety and had caused loss. The present resolution makes no attempt to refute these charges except that there is the bare statement that the decision was in the best interests of the Corporation. As no reasons have been given in support of this statement, the Auditors have no materials which would justify a modification of the views contained in the original objection.

Letter No. L. A. 1351, dated 19th September, 1938 from the Accountant General, Bengal, and the Examiner of Local Accounts, Bengal, to the Secretary to the Government of Bengal, Department of Public Health and Local Self-Government.

Subject :—"Surrender of decretal dues" para 29 of the Audit Report on the accounts of the Calcutta Corporation for the year 1934-35.

We have the honour to invite a reference to letter No. S. 3782 dated the 3rd/5th, September, 1938 from the Chief Executive Officer, Corporation of Calcutta forwarding a copy of the resolution passed by the Corporation on the 26th August, 1938 on the above subject and to state that on the facts of the case as stated in the paragraph which have not been questioned, the auditors adhere to the opinion that impropriety was committed resulting in a loss of Corporation revenue amounting to about Rs. 15,552.

2. To section 8 of the Bengal Tanks Improvement Act, 1939 (hereinafter referred to as the said Act) the following proviso shall be added, namely :—

"Provided that the Collector, upon application made or of his own motion, for sufficient reasons and after considering the views of the authorised person, may at any time reduce the period of possession determined by him under this section or extend such period subject to the maximum limit of twenty years referred to in this section, according as it appears that the costs incurred—

(*a*) by the Collector in carrying out the purposes of this Act in respect of the tank, and

(*b*) by the authorised person in carrying out the required improvements in the tank together with the interest thereon at the rate of six and a quarter *per centum per annum*

(*2*) Every person possessing land within the maximum irrigation area shall, subject to the provisions of sub-section (*3*), be liable to pay a fee annually during the period of possession to the authorised person at the rate fixed and in the manner provided under section 17 and such liability shall not cease either by reason of such person not using water

The Bengal Tanks Improvement (Amendment) Bill, 1941.

(Clause 3.)

for irrigation purposes from the tank to which the maximum irrigation area relates or by reason of permission to use such water being refused under sub-section (*2*) of section 16B.

(*3*) Any person concerned may, within thirty days of the date of the publishing of the notice referred to in sub-section (*1*), apply in the prescribed form and manner and on payment of the prescribed fee to the Collector for—

(*a*) including any land within the maximum irrigation area,

(*b*) excluding any land from the maximum irrigation area,

(*c*) exempting any land or part of any land from liability to pay the fees referred to in sub-section (*2*) on the ground that such land cannot practicably be irrigated from the tank to which the maximum irrigation area relates, or cannot be benefited by such irrigation,

and the Collector after giving the applicant a reasonable opportunity of being heard may pass such order as to such inclusion, exclusion or exemption as he thinks fit.

(*4*) The Collector may of his own motion at any time after the expiry of thirty days from the date of publishing of the notice referred to in sub-section (*1*) revise the limits of the maximum irrigation area or exempt any land or part of any land within such maximum irrigation area from liability to pay the fees referred to in sub-section (*2*) and the Collector shall modify the list referred to in sub-section (*1*) of section 16B accordingly:

(*2*) The Collector shall publish the list referred to in sub-section (*1*) and every modification of such list in the manner prescribed and shall, where the authorised person is not the Collector, forward a copy of such list and every modification of such list to the authorised person who shall permit every person whose name is entered in the list to use the water of the tank for the irrigation of the land of such person as long as the amount of the fee payable by such person is duly paid and not otherwise.

(*3*) If any dispute arises between persons entered in the list prepared under sub-section (*1*) as to any matter in respect of the use of water by such persons from the tank for the irrigation of their lands the authorised person shall decide the dispute and his decision subject to the provisions of section 26 shall be final.

(*4*) The rate to be fixed under sub-section (*3*) shall be such that—

(*a*) the fee payable by any person is the product of the rate fixed for the class of persons to which such person belongs under clause (*b*) and the quantity of land possessed by such person within the maximum irrigation area in respect of which he is liable under section 16 to pay the fee ;

(*b*) the rate payable by a person who at the time when possession was taken of the tank under this Act had no right to use the water of the tank exceeds by fifty *per centum* the rate payable by a person who at such time had such a right ;

(*c*) having regard to the operation of the provisions of sub-section (*2*), all costs incurred or likely to be incurred—

(*i*) by the authorised person in carrying out the required improvements in the tank, and

(*ii*) by the Collector in carrying out the purposes of this Act in respect of the tank,

will be recovered together with interest thereon at the rate of six and one quarter *per centum per annum* within such period as is determined by the Collector under section 8 as the period for which the authorised person is entitled to remain in possession of the said tank.

(*5*) The Revenue Authority appointed under sub-section (*3*) may revise the rate of fees fixed under this section in respect of any tank or the rebate allowed in respect of such fees under sub-section (*2*).

(*6*) Any sum due to the authorised person under this section shall be recoverable as a public demand."

4. In section 21 of the said Act after the words "all rights in the tank" the words "including all rights to use the water for the purposes of irrigation" shall be inserted.

Amendment of section 37.

5. In sub-section (*2*) of section 37 of the said Act after clause (*d*) the following clauses shall be inserted, namely :—

"(*dd*) the manner of determining the maximum irrigation area and the form and the manner of publishing the notice defining the limits of the maximum irrigation area under sub-section (*1*) of section 16A, and the form and manner of the application and the fee payable under sub-section (*3*) of that section ;

(*ddd*) the form of the list and the manner of its preparation under sub-section (*1*) of section 16B and the manner of publication of the list and every modification thereof under sub-section (*2*) of that section ;

(*dddd*) the manner and the dates of payment of fees under sub-section (*1*) of section 17"

STATEMENT OF OBJECTS AND REASONS.

Experience of the working of the Bengal Tanks Improvement Act, 1939, shows that it is almost impossible to recover water rates for tanks improved under the Act, on a voluntary basis, as provided under section 16(2) of the Act and that it is essential that water rates should be made compulsory in order that full benefit might arise out of the improvement of irrigation tanks which has been taken up on a large scale in areas affected by drought. It has also been found necessary to obtain powers for the Collector to modify the period of possession, subject to the maximum period of twenty years, in order that the cost with interest incurred by the authorised person may be realised within such period. The Bill has been framed with these objects in view.

NOTIFICATION.

No. 9081L.- 29th July 1941.--The Governor having been pleased to order, under rule 47 of the Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE BENGAL FINANCE (AMENDMENT) BILL, 1941.

A

BILL

further to amend the Bengal Finance Act, 1939.

WHEREAS it is expedient further to amend the Bengal Finance Act, 1939, for the purposes and in the manner hereinafter appearing; Ben. Act IX of 1939.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Finance (Amendment) Act, 1941.

Amendment of section 3 of Bengal Act IX of 1939.

2. In section 3 of the Bengal Finance Act, 1939 (hereinafter referred to as the said Act)—

(*1*) in sub-section (*3*)-

(*a*) for the words "a public demand" the words "land revenue" shall be substituted,

(*b*) in the proviso, after the figures "1913" the following words and figures shall be added, namely:—

"or to the sending of a certificate of the amount to be recovered to any place outside Bengal under the Revenue Recovery Act, 1890, as the case may be"; I of 1890.

(*2*) after sub-section (*3*) the following sub-sections shall be added, namely:-

"(*4*) Where a person dies, his executor, administrator or other legal representative shall be liable to pay out of the estate of the deceased person the tax payable by such person under sub-section (*1*) together with the penalty, if any, imposed under sub-section (*3*).

(*5*) Where a person dies without having paid the tax payable by him under sub section (*1*), all notices, requisitions, copies of orders which would have been required to have been served on such person by or under this Act if he had lived shall, after his death, be served on his executor, administrator or other legal representative and the tax payable by the deceased person under the said sub section shall, subject to the provisions of sub-section (*4*), be recoverable from the executor, administrator or other legal representative of such person as if the tax were payable by such executor, administrator or other legal representative under sub-section (*1*)".

Amendment of section 5.

3. To section 5 of the said Act the following sub-section shall be added, namely:—

"(*4*) Where through death, a person who would but for his death have been entitled to a refund or to make a claim for it under this section is unable to recover such refund or to make such claim, his executor, administrator or other legal representative shall be entitled to recover such refund or to make such claim for the benefit of the estate of such person."

STATEMENT OF OBJECTS AND REASONS.

The following difficulties have been experienced in the working of the Bengal Finance Act, 1939 :—

(1) The Act does not provide any means of realising the tax from an assessee who leaves Bengal for other parts of British India without paying his tax and without leaving any property behind.

(2) The Act does not provide any means by which the tax can be realised from the estate of a deceased assessee nor does it provide any procedure by which the heir of a deceased assessee can claim a refund due to such an assessee.

The Bill seeks to amend the Act with a view to remove these difficulties.

RESOLUTION—No. 1176M.

Calcutta, the 28th June 1941.

READ—

Reports from the Commissioners of Divisions on the working of the municipalities in Bengal (except Calcutta) during 1939-40.

1. **Constitution and Boundaries.**—The number of municipalities remained the same (118) as in the preceding year. The only local variations were a few changes made in the boundaries of the Mymensingh, Comilla and Darjeeling municipalities.

2. **Elections.**—General elections were held only in 3 municipalities during the year under review and aroused keen interest in all of them. In 3 wards of the Debhatta municipality about 90 per cent. of the voters exercised their franchise. The female voters also evinced considerable interest in these elections; in Pirojpur about 70 per cent. of them attended the poll and recorded their votes, the percentage reaching 75·5 in one ward.

3. **Meetings.**—The total number of meetings held by the municipalities during the year under review was 3,028 of

which 71 proved abortive for want of a quorum while 303 were adjourned. The corresponding figures for the preceding year were 3,027, 126 and 273, respectively. The Nabadwip municipality held the largest number of meetings (114) which included 8 abortive and 23 adjourned sittings.

All the municipalities in the Province, except three, held at least one meeting in a month. The South Suburban municipality, however, held only 6 meetings and the municipalities of Baduria and Sherpur (Bogra), held only 9 meetings each, during the year under review. These three municipalities thus failed to attain the statutory minimum of one meeting in every month.

The average percentage of attendance of commissioners at meetings was below 50 in 16 municipalities as compared with 7 municipalities in the preceding year, the lowest percentage (37·8) being recorded in the municipality of Rangpur. The average percentage of attendance of non-official members at meetings was the highest in Kotechandpur (98·5) and lowest in Rangpur (37·2) and that of the official members was highest in Panihati (96·96) and lowest in Tangail (4).

4. **Population and Ratepayers.**—The total population of the municipal towns (outside Calcutta) most of which include quasi-rural areas, was 2,351,407 or only 4·7 per cent. of the total population of the Presidency, as in the preceding year. And of this small urban population, only 392,705, or about 16·8 per cent., were ratepayers. The rates were paid by less than one-tenth of the urban population in eleven municipalities, including eight industrial towns with a large floating labour population and the two hill municipalities of Darjeeling and Kurseong.

5. **Rates and Taxes.**—The average incidence of municipal taxation per head of the urban population was Rs. 3-6-½ against Rs. 3-7-11 in the preceding year. This indicates that the burden of municipal taxation was far from excessive and that this was further lightened during the year under review. The incidence of taxation nowhere reached the figure of Rs. 10 per head except in the Darjeeling municipality where it was Rs. 11-8-9 per head; on the other hand in 15 municipalities it was below Re. 1 per head. Four municipalities, viz., Chandrakona, Ramjibanpur and Khirpai in the Midnapur district and Kumarkhali in the Nadia district, continued to levy the tax on persons instead of the rate on the annual value of holdings according to the provisions of the present Municipal Act.

The total receipts from the municipal rates and taxes (Rs. 79·43 lakhs) showed a decrease of about Rs. 2·80 lakhs during the year under review as compared with the receipts in the previous year, in spite of the fact that there was an increase of about Rs. 3·77 lakhs in the municipal demand due to general or partial revision of assessment during the year. There was, however, a heavy fall of receipts in the Howrah municipality amounting to about Rs. 2·72 lakhs due to the orders under section 135(2) of the Indian Railways Act, reducing the municipal rates assessed on the properties of the East Indian Railway and Bengal-Nagpur Railway administrations within the municipality. These orders under section 135(2) of the Indian Railways Act have, however, subsequently been revised.

6. **Collection.**—The total collection of rates decreased from Rs. 79·66 lakhs in the previous year to Rs. 77·98 lakhs in the year under review with a corresponding fall in the ratio of current collection to current demand from 77·8 to 74·7 per cent. The percentages of the arrear collection on the arrear demand and of the total collection on total demand, however, increased from 37·4 to 44·2 and from 66·4 to 66·6, respectively.

The municipalities of Tamluk, Garulia and Nalchiti had the distinction of collecting nearly the whole of their total demand. The collection of the total demand exceeded 90 per cent. in 14 municipalities, 7 of which (viz., Tamluk, Champdany, Bhatpara, Garulia, Narayanganj, Muktagacha and Nalchiti), collected more than 95 per cent. of the total demand. Thirteen municipalities, on the other hand, failed to collect even half of their arrear and current demand, the worst record being that of the Rajpur municipality with a collection of only 27·27 per cent. of its total demand.

The amount of total remissions increased from Rs. 6·13 lakhs to Rs. 7·05 lakhs representing 5·6 per cent. of the total demand as against 5·1 per cent. in the previous year. The amount of outstanding arrears also increased from Rs. 34·24 lakhs to Rs. 40·87 lakhs and represented 45·2 per cent. of the current and 32·45 per cent. of the total municipal demand.

As in the previous year, the Howrah municipality had again the largest outstanding balance, viz., Rs. 17,18,537 (against Rs 11,76,455 in the preceding year), even after granting remissions to the extent of Rs. 1,67,060 or 5 per cent. of its total demand. Other municipalities with noticeably large outstanding balances were Hooghly-Chinsura (Rs. 1,18,542), Tollygunge (Rs 1,20,401), Garden Reach (Rs. 1,16,681), Dacca (Rs. 1,89,363), and Mymensingh (Rs 1,48,850). In proportion to the current demand, the outstanding balances were the highest in Madaripur (101 2 per cent.) followed by Mymensingh (97·8 per cent.) and Patuakhali (91·4 per cent.).

7. **Income and Expenditure.**—The total receipts of the municipalities including opening balances, decreased from Rs 142 8 lakhs in the preceding year to Rs. 138·4 lakhs during the year under review The total disbursements, however, increased from Rs. 118 2 lakhs to Rs 120·7 lakhs and the total balances at the end of the year fell by Rs 7 lakhs to Rs. 17 69 lakhs.

Several municipalities failed to maintain even the prescribed balances and in 32 of them, the balances left were quite insufficient to meet the outstanding liabilities. The Debhatta municipality had the worst record with liabilities representing 86 3 per cent. of its current demand. On the other hand 15 municipalities earned the distinction of closing their accounts with practically no liabilities.

8. **Education.**—The total expenditure on education, including the Government grant of Rs 1 82 lakhs, increased from Rs 7 84 lakhs to Rs. 8 02 lakhs. The expenditure on primary education also increased from Rs 5·84 lakhs in the preceding year to Rs 6 20 lakhs during the year under review and represented 6 4 per cent of the total ordinary income as against 5·6 per cent in the preceding year. The average *per capita* expenditure on the education of children of primary school-going age also rose from Rs. 2-1-1 in 1938-39 to Rs 2-7-8 during the year under review

The Howrah municipality as usual spent the largest amount, viz., Rs 81,885 under this head, of which Rs. 66,614 came from the municipal fund; but this represented only 4·8 per cent of its total ordinary income and an average expenditure of Rs 2-7-6 per child of primary school-going age within the municipality.

The municipalities of Chittagong and Darjeeling maintained their high standard of expenditure on primary education by spending as much as Rs. 8-15-6 and Rs. 8-1-0, respectively, per child of the primary school going age and they were followed by Chandpur and Kurseong with a *per capita* expenditure of Rs 8-0-4 and Rs 6-7-0, respectively. The highest *per capita* expenditure (Rs 14 6-0) was however, incurred by the Taki municipality and the lowest by Moheshpur (Rs 0 1 2) and Netrakona (Rs. 0-1-4).

The *per capita* expenditure on primary education was over Rs. 4 in 9 municipalities while it was below Re. 1 in 48 municipalities Nine municipalities, as compared with ten in the preceding year, failed to spend on primary education even the prescribed proportion of 3 2 per cent. of their ordinary income The ratio was, however, over ten per cent in 31 municipalities, the highest ratio being reached at Rangpur (29 5 per cent) followed by Sherpur (Bogra) with a ratio of 22 per cent

Government take this opportunity of rectifying a mistake which occurred in the last resolution regarding the percentages of ordinary income spent by the Chittagong and the Chandpur municipalities on primary education during the year 1938-39. These municipalities were reported as having spent as much as 36 7 and 42 9 per cent., respectively, of their ordinary incomes in the cause of primary education; but it was subsequently found that these figures had been calculated by the municipalities on a wrong basis, viz , according to the definition of "ordinary income" as laid down in 1893 and not in accordance with the revised instructions issued by Government in 1939 for the calculation of such income According to the present method of calculation, the actual percentages of the ordinary income devoted by the Commissioners of the Chittagong and the Chandpur municipalities were only 8·4 and 5 8 respectively, excluding expenditure from the imperial and other grants, and 15·9 and 10·9, respectively, including expenditure from such grants.

9 **Water-supply.**—The total outlay on urban water-supply was Rs 12 81 lakhs representing a decrease of nearly a lakh of rupees from the preceding year's figure. The decrease was due entirely

to a fall of Rs. 1·61 lakhs under "Capital outlay", there being actually an increase of Rs. 65,275 in the expenditure under the head "Establishment, repairs, etc."

The total amount spent on water-supply by the municipalities in the Burdwan Division was Rs. 4,32,526 against Rs. 4,45,839 in the preceding year. There was a decrease of Rs. 45,158 under the head "Capital outlay" due chiefly to the actual adjustment of a smaller amount by the Hooghly-Chinsura municipality out of the amount advanced to the Chief Engineer, Public Health Department, for the execution of the municipal waterworks extension scheme. There was, however, an increase of Rs. 31,845 under "Establishment, repairs, etc." shared by municipalities in all the districts. The average percentage of total expenditure on water-supply on the total ordinary income was 12·2 against 12·3 in the preceding year and it varied greatly in individual municipalities, ranging from 41·5 per cent. in Hooghly-Chinsura to 1·1 per cent. in Baidyabati.

In the Presidency Division, the total expenditure on "Water-supply" was Rs. 4,49,584 or Rs. 3,003 more than in the preceding year. The municipalities of Garden Reach, Jessore, Baranagar, Tollygunge and Kamarhati increased their expenditure under this head, while those of Khulna, Berhampore, South Dum Dum and Budge Budge spent less than in the preceding year.

The municipalities in the Dacca Division spent an amount of Rs. 2,02,354 against Rs. 2,02,625 in the preceding year. There were a marked fall of expenditure in Narayanganj and Barisal and considerable increases in Faridpur due to the extension of the waterworks and in Patuakhali due to increased expenditure on fees for analysis and electric charges.

The expenditure on water-supply in the Chittagong Division remained practically stationary (Rs. 1,17,508). The Commissioner of the Chittagong Division has observed that the supply of water in the Chittagong municipality was not sufficient to cope with the demand and that those who lived on high lands had long been suffering inconvenience due to low pressure of water.

The total outlay on water-supply in the municipalities of the Rajshahi Division fell from Rs. 1,69,064 to Rs. 78,826 during the year under review, the Darjeeling municipality alone spending Rs. 97,798 less than in the preceding year. But in spite of this decrease in the total expenditure under this head in the division as a whole, the percentage of total expenditure devoted to water-supply increased in all the individual municipalities with the exception of Sirajganj and English Bazar.

10. **Conservancy.**—The expenditure on conservancy increased from Rs. 24·23 lakhs in the preceding year to Rs. 24·69 lakhs during the year under review and represented 23·98 per cent. of the total ordinary expenditure of the municipalities. The Tollygunge municipality was responsible for an increase of Rs. 14,251 due to the purchase of tractors and trailers and the construction of a municipal pail depôt for the disposal of night soil by modern mechanised system.

The conservancy of the Dacca City continued to be a source of anxiety to the administration which experienced difficulty in properly maintaining the dumping depôts and in disposing of night soil in several depôts due to an inadequate supply of water for flushing purposes—the pressure in the street mains at these points being very low. The problem of disposal of sludge from the septic tank and the detritus tank, was, however, solved by excavating two new sludge digestion tanks. The conservancy system in Chittagong left much room for improvement. The system of removing night-soil in the Comilla municipality was quite unsatisfactory and the question of removal by motor lorry engaged the serious attention of the municipal commissioners.

11. **Drainage.**—The total amount spent on drainage was Rs. 5·19 lakhs representing an increase of Rs. 70,908 over the expenditure in the preceding year. The expenditure under "Capital outlay" was Rs. 1·66 lakhs while that under the "Establishment, repairs, etc." amounted to Rs. 3·53 lakhs.

The Raniganj municipality constructed a new pipe line up to a length of 1,200 feet from the cooly line of Messrs. Burn and Company, which made a free gift of the pipes to the municipality. The Serampore municipality executed the Chatra outfall which is reported to have made this part of the municipality more healthy and clean. In Dacca, a scheme for surface drainage was prepared at an estimated cost of about

Rs 15,000 and the major portion of the work was executed during the year under review. The Darjeeling municipality spent an amount of Rs. 10,200 in laying sewer mains on some important roads and also a sum of Rs 3,000 in maintaining the surface and Jhora drains.

12. **Lighting.**—The total outlay on lighting decreased from Rs 9·12 lakhs in the previous year to Rs 8·14 lakhs during the year under review due principally to a net decrease in expenditure amounting to Rs 1·24 lakhs in the Rajshahi Division, the Darjeeling municipality alone being responsible for a decrease of Rs. 1 27 lakhs, for which no explanation has been given.

The Burdwan municipality incurred an additional expenditure of Rs. 6,202 under this head due to the re-installation of electric street lights, which were not in existence during the two preceding years The expenditure at Dacca decreased by Rs 4,372 owing to the reduction of the rate for current provided by the Dacca Electric Supply Company. No lighting rate was imposed by the Pabna municipality although its financial condition was not quite satisfactory.

13 **Public Health.**—The municipal authorities generally showed considerable interest and energy in matters relating to public health and sanitation in their respective areas There was, however, a slight decrease in the expenditure on account of the municipal health officers and sanitary inspectors which fell from Rs 2 43 lakhs to Rs. 2·41 lakhs, while the total outlay on hospitals and dispensaries and on other sanitary measures also fell from Rs. 4·76 lakhs to Rs 4 66 lakhs and from Rs 1 49 lakhs to Rs 1 34 lakhs, respectively.

Cholera and small-pox broke out in an epidemic form in a few municipalities but were mostly brought under control by the timely adoption of preventive measures. The Public Health Department also sent their experts to help in dealing with the situation in Naihati and Bhatpara municipalities arising out of an epidemic of small-pox. Sporadic cases of cholera and small-pox occurred, as usual, in several towns but were generally promptly dealt with by the municipal authorities

A permanent staff of vaccinators was maintained by most of the municipalities and free vaccination was given, as usual, at fixed stations and, in some municipalities, also at the houses of the ratepayers.

Anti-malarial measures on approved lines were adopted by a number of municipalities. The Bally municipality carried out anti-malarial works in co-operation with the East Indian Railway administration at Liloоah with the result that there was practically no case of malaria during the year and the general public health was good. An experimental five-year anti-malarial scheme financed from grants from Government and the Rockefeller Foundation in equal shares and covering the town of Jessore and its environments, was undertaken by the Public Health Department and a fair progress has been made in checking the disease. Anti-malarial measures were conducted by the staff of the Dacca Anti-malarial Committee, an independent organisation, supported by contributions from Government, the District Board, the University, the Dacca Club and from other sources The work of the Committee was of great benefit to the Dacca municipality. As in the previous years, most of the municipalities took steps for the improvement of the general sanitation of the towns by cutting down roadside jungles, disinfecting tanks and ditches, and by issuing notices on private persons for clearing their lands of weeds, jungles and other insanitary vegetation.

Anti-rabic treatment was undertaken, as usual, by several municipalities. Special arrangements for the treatment of kala-azar and leprosy were made by the municipalities of Krishnagar and Nawadwip Krishnagar maintained a tuberculosis clinic and Nawadwip carried on anti-tuberculosis propaganda in every school in order to guard against the disease. The leprosy clinic at Berhampore also worked satisfactorily At Kurseong, 60 new cases of tuberculosis were detected by the Health Visitor during the year under review and the persons affected were either removed to hospital or given necessary instructions.

Municipal authorities were also not unmindful of their duties in regard to maternity and child welfare. Several municipalities organised dai-training

classes—the *dais* being supplied with necessary equipment after the completion of the usual course of lectures and practical training. A maternity centre was established at Hooghly-Chinsurah and the Narayanganj Mahila Samiti organised an exhibition with the co-operation of the district board.

An X-ray Ward at an estimated cost of over Rs. 15,000, was under construction in the Sadar Hospital at Comilla and for this purpose a donation of Rs. 12,500 was received from Mr. A. C. Sen of Chunta.

The administration of the Food Adulteration Act continued to be uneven and inadequate as in the preceding years in almost all municipalities except a few in which the municipal authorities showed commendable vigilance and energy in detecting and prosecuting the dealers of adulterated food-stuffs.

14. **Public Works.**—The total outlay on public works decreased slightly from Rs. 16·31 lakhs to Rs. 16·25 lakhs during the year under review. In the Burdwan Division, the expenditure fell from Rs. 5·08 lakhs to Rs. 4·83 lakhs due principally to a fall of Rs. 28,922 in the expenditure on "Roads" and of about Rs. 16,000 in that on "Establishment" in the Howrah municipality for which no explanation has been given.

The expenditure under this head increased from Rs. 4·27 lakhs to Rs. 4·51 lakhs in the Presidency Division. Noticeable increased occurred in Garden Reach (Rs. 40,917), Baranagar (Rs. 25,063) and Tollygunge (Rs. 12,122). The increase in Tollygunge was due to the consrtuction of a better class of roads in all the wards, while that in Baranagar was due to repairs to all the main roads. No explanation has been furnished for the increase in Garden Reach.

In the Dacca Division, the expenditure on public works decreased from Rs. 2·76 lakhs to Rs. 2·57 lakhs and Dacca (Rs. 36,129), Narayanganj (Rs. 3,924) and Barisal (Rs. 1,956) were mainly responsible for this. The decrease in Barisal is reported to have been due to paucity of funds but no explanation has been offered for the decreases in Dacca and Narayanganj.

The expenditure, however, rose from Rs. 0·96 lakhs to Rs. 1·16 lakhs in the Chittagong Division, the increase occurring mainly under the head "Roads". The commissioners of the Chittagong municipality paid greater attention to the improvement of communications and spent a much larger amount than in the preceding year with the help of the grants from the Motor Vehicle Tax Fund. The road problem of this municipality is reported to be serious owing to neglect in the past and demands the serious consideration of the municipal commissioners.

The expenditure decreased in the Rajshahi Division from Rs. 10·08 lakhs to Rs. 0·44 lakhs and represented 21·6 per cent. of the total expenditure. Though the total expenditure on public works decreased, the expenditure on "Roads" increased from Rs. 1·55 lakhs to Rs. 1·81 lakhs, as many as 9 municipalities sharing in the increase. The Kurseong municipality took up the construction of a park on the Dow Hill Road. The Darjeeling municipality purchased land from the Cooch Behar State for the Brabourne Park and metalled the Lebong Circular Road. In spite of the increased expenditure, the condition of the roads in many municipalities is reported to have been very poor and unfit for modern traffic. This aspect of the problem requires serious attention of the municipal authorities.

15. **Audit of Accounts.**—The accounts of all the municipalities were audited by the Examiner of Local Accounts, Bengal, and his staff during the year under review and no case of embezzlement or misappropriation was brought to light except a case of fradulent remission of taxes by a collecting sarkar of the Dinajpur municipality. The municipal commissioners adequately dealt with the matter and dismissed the sarkar from service. The loss of Rs. 282-15-0 was recovered from the security deposit and the provident fund deposit of the collecting sarkar.

The audit notes disclosed various objectionable irregularities in the accounts of the Krishnagar and the Chittagong municipalities, the financial position of which, as well as that of Santipur, showed no satisfactory improvement.

Repetition of irregularities of the same nature and delay in attending to the audit objections still continued in some of the municipalities. Government trust that the municipal authorities will take steps to avoid the recurrence of

such irregularities, which are mostly due to either neglect or a lack of proper appreciation of the law and the account rules.

16. **General Remarks.**—The reports of the Commissioners of Divisions do not reveal an encouraging picture of the municipal administration in the Province.

Finance, as usual, was the weakest point in the municipal administration and was responsible for most of the ills. But much of the financial difficulties of the municipal authorities was of their own creation and was due to laxity in collection which in its turn was due in most cases to the unwillingness of the municipal commissioners to take coercive measures for fear of unpopularity.

This state of things has led one Divisional Commissioner to remark that the time has come for considering seriously whether the Collection Departments of all the municipalities should be superseded and placed under the charge of Special Officers selected for the purpose. He thinks that the expense incurred on account of the Special Officers will be small in comparison with the additional income that will accrue and that the proposal cannot be assailed as derogatory to the status of the municipalities as self-governing institutions as the bulk of the income of the district boards is collected on their behalf by Government.

No administration can claim credit for merely maintaining the *status quo* and the municipal commissioners should be alive to their duties and responsibilities and also to the importance of initiative and judicious planning on scientific lines for the development of the towns under their care. The municipal authorities generally have failed to take full advantage of the larger powers of taxation conferred by the present Bengal Municipal Act and the incidence of municipal taxation has remained very low as a result of their aversion to resort to increased taxation for fear of unpopularity.

Party-faction was a depressing feature in some municipalities. Government cannot too strongly impress on the commissioners of these municipalities the supreme importance of subordinating their personal or party interests to the greater cause of the welfare and amelioration of the condition of the inhabitants of the towns placed under their care.

Public Health during the year under review was generally good in most of the municipalities. The zeal shown in combating the epidemics reflect credit on the municipal authorities. The administration of the Bengal Food Adulteration Act, however, still calls for more vigorous efforts on the part of the municipal authorities in order that dishonest trading in adulterated food-stuffs may be brought under effective control.

The municipal authorities generally showed keenness in the matter of primary education of children within their respective limits. The commissioners of the Chittagong municipality deserve special credit for having completed their scheme of free primary education after continuous struggle for 15 years.

None of the municipalities in the province with the exception of a few have paid any serious attention to the question of protection against fire. In the opinion of Government, each of the larger municipalities should be equipped with suitable fire-fighting appliances.

Conservancy in many municipalities was inadequate and run on unsound financial lines. The municipal authorities should make a determined effort to improve the service and to make it as nearly self-supporting as possible.

The names of the following gentlemen have been specially brought to the notice of Government on account of their public-spirited work during the year under review :—

DEPARTMENT OF AGRICULTURE, BENGAL.

Ramna, Dacca, the 29th July 1941.

Forecast of the Summer Til (Sesamum) Crop of Bengal, 1941-42.

(*Note.*—On an average of the five years ending 1939-40, the area under *til* in Bengal has represented some 3·7 per cent. of the total area under *til* in India.)

Character of the season.—Sowing commenced generally in normal time. Prolonged drought from the sowing time onward and heavy and continuous rainfall afterwards, retarded the growth of the crop. Extensive damage was also caused by flood, cyclone and hailstorm at places in Dacca and Chittagong Divisions.

Acreage.—The area sown this year is estimated at 131,200 acres as against 127,100 acres last year.

Outturn.—From the District Officers' estimates, the average outturn of the crop for the province works out at 65 per cent. of the normal this year as against 72 per cent. last year.

Taking the normal yield at 7 1/20th maunds per acre, the gross outturn of the crop for the province is estimated at about 22,100 tons this year as against 23,700 tons last year.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 940L. — 6th August, 1941. — The Governor having been pleased to order, under rule 48 of the Bengal Legislative Council Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE CALCUTTA AND SUBURBAN POLICE (AMENDMENT) BILL, 1941.

A

BILL

further to amend the Calcutta Police Act, 1866 and the Calcutta Suburban Police Act, 1866.

WHEREAS it is expedient further to amend the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, for the purposes and in the manner hereinafter appearing; Ben. Act IV of 1866. Ben. Act II of 1866.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Calcutta and Suburban Police (Amendment) Act, 1941.

Amendment of section 3 of Bengal Act IV of 1866 and section 51 of Bengal Act II of 1866.

2. In section 3 of the Calcutta Police Act, 1866 (hereinafter referred to as the Calcutta Act) and in section 51 of the Calcutta Suburban Police Act, 1866 (hereinafter referred to as the Suburban Act), in the definition of "place of public entertainment" for the words "and shall include a refreshment-room, eating-house, coffee-house, tea-shop, liquor-house, boarding-house, lodging-house" the words "and shall include a lodging-house whether any kind of food, drink or drug is supplied for consumption therein or not, and a refreshment-room, eating-house, coffee-house, tea-shop, liquor-house, boarding-house" shall be substituted.

Amendment of section 35 of Bengal Act IV of 1866 and section 18 of Bengal Act II of 1866.

3. In section 35 of the Calcutta Act and in section 18 of the Suburban Act—

for the words and brackets

"or has or keeps any coffee-house, boarding-house, eating-house, lodging-house or other place of public resort and entertainment, wherein provisions, liquors or refreshments are sold or consumed (whether the same be kept or retained therein or procured elsewhere)"

the words and brackets

"or has or keeps any lodging-house whether provisions, liquors or refreshments are sold or consumed therein or not,

or has or keeps any coffee-house, boarding-house, eating-house or other place of public resort and entertainment, wherein provisions, liquors or refreshments are sold or consumed (whether the same be kept or retained therein or procured elsewhere)"

shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

A special enquiry by the Deputy Commissioner, Port Police, revealed that the conditions existing in seamen's lodging houses (known as "lathi houses") in Calcutta are exceedingly bad. Not only are these houses insanitary and overcrowded, but the proprietors take every advantage of the sailors who stay there.

With a view to control these houses, and in pursuance of Government's policy of improving conditions for Indian Seamen the proprietors were required to take out licences under section 39 of the Calcutta Police Act, 1866 and under section 22 of the Calcutta Suburban Police Act, 1866. Recently however a man who was prosecuted for running a lathi house without a licence was acquitted on the ground that as no food was supplied, the sections of the Acts mentioned above did not apply. Government is advised that in the absence of a clear definition of "lodging house" in the Acts referred to, the acquittal was not improper and considers that the Acts should be amended so as to include these houses within their scope. The present Bill is an attempt to ensure proper control of these houses, and thereby, to protect the seamen who take shelter therein.

(As introduced in the Council by Mr. Nur Ahmed, M.L.C.)

Preamble.—We have made slight drafting changes in the Preamble.

Clause 1.—We have changed the year in this clause and have made a slight drafting alteration. The words, "It will come into force at once." in this clause, have been omitted by us as being unnecessary. Paragraph (*i*) of this clause has been renumbered as clause 2 and has been redrafted. For the word "surety" in this paragraph, we have substituted the word "security".

Clause 2.—We have redrafted this clause, to make the meaning more clear and have renumbered it as clause 3.

Clause 3.—We have omitted this clause as this amendment has already been made by Bengal Act III of 1939.

Clause 4.—We have redrafted this clause and renumbered the sub-clauses without making any change in its principle.

Clause 5.—We have omitted this clause as being unnecessary.

Clause 7.—We have renumbered this clause as clause 6. We do not consider it desirable to repeal section 62 of the Act, whereas in our opinion section 61 of the Act requires to be repealed. We have therefore included section 61 in this clause and omitted section 62 from it.

Clauses 8 and 9.—We have renumbered these clauses as paragraphs (*a*) and (*b*) of clause 7 and have redrafted it We have excluded the Local Boards from the local authorities mentioned in clause 9.

Minute of Dissent by Khan Sahib A. H. Chowdhury, M.L.C.

I sign the report subject to the following note of dissent:—

The Bill seeks to introduce the system of personal service of notice on the proprietors in connection with the Land Revenue Sales. This is certainly very good on principle but the remedy provided in the Bill is not free from practical difficulties. Register D contains the names of the proprietors together with their native villages and thanas but not the post offices. Thus without amending the Land Registration Act or the Forms prescribed thereunder and rewriting the Register D, it will be practically impossible to serve notices on individual proprietors. It is also to be noted that mutation is not usually applied for punctually and even though applied for, it cannot be effected without undergoing a lengthy procedure. So it may not be always possible to ascertain the names of the actual landlords—particularly the actual biggest landlords in which case the Bill if enacted in its present form will make Revenue Sale almost an impossibility or at least a matter of great difficulty and a lengthy procedure which again is bound to have serious repurcussion on the collection of the Revenue. I feel constrained also to observe that service of notice on some proprietors only will not improve matter much.

[NOTE.—All matters omitted by the Select Committee have been printed in *italics* and enclosed in square brackets, and all new matters inserted have been underlined.]

STATEMENT OF OBJECTS AND REASONS.

The Bengal (Rural) Primary Education Act, 1930, has gradually been brought into effect from the year 1934, and defects have come to light as the result of actual experience. In particular it has been found that there is no provision for the representation of ladies in the Central Primary Education Committee, there is no provision by which representation may be given to special interests in any areas, and the representation of local interests appears likely to suffer when Local Boards come to be abolished. These and other minor defects are intended to be removed by the present Bill
